

Classes are off to a great start this year! It's great to see our dancers back in the studio, doing what they love! Below are reminders for October. Please take the time to read through the email so you are "in the loop" on important dates and information....

### **Class payments**

First payments should have been made on all accounts by September 30th. If you have not yet made a payment on your account, please stop at the front desk to do so immediately. You can also make your payment online here, just click pay now: [online payments](#)

Late fees will be applied to accounts missing payments.

### **COSTUME MEASUREMENTS & PAYMENTS**

***All dancers will be measured for costumes Sunday, October 19th - Thursday, October 23rd. Payments for costumes are also due at this time.*** Costume fees below are PER ROUTINE a dancer is participating in.

Developmental program costume fees: [Class Fees and Documents \(hotvdance.com\)](#)

Competition costume fees: [Team Tuition Schedule | Heart of the Valley Dance Academy \(hotvdance.com\)](#)

Please note that developmental classes will **NOT** run this week. Dancers will arrive at their normal class time and enter the main studio, where they'll get measured by one of our instructors. Dancers will then be sized for each costume based on their measurements and the size guide from the costume companies. Parents will need to sign off on the costume form, submit it to our front desk, and make payment for the costume(s). If your child is in classes on different days of the week, you can sign off on all classes for the week at one time to save you an extra trip back to the studio. Team dancers will be measured during ballet classes. Competition parents can stop in at any time on Sunday to make costume payments.

### **Fall Dress Up Week!**

October 26th - October 30th, dancers are welcome to wear costumes to class. Wear your old dance costumes or not-so-spooky Halloween costumes. We will be playing fun, fall games as we dance the night away!

As a reminder, our primary means of communication throughout the dance season is email. Please be sure we have a current email address on file for your family. We also post updates and reminders on our social media platforms and website.
