

Art At 50 Fifties Art by BRPauL

Collection of art created at 50 utilizing multimedia.

This book of high resolution and size of 8.5 x 11. Each page is a print that you may cropped and hung in standard wall frames. So, I encourage getting two copies one for the coffee table and one to frame and hang your favorites. They will stand out if Black Cord backing used as the matting of choice. They will make a wonderful personal gift for friends and relatives.

Other art works at the web site "ArtbyBRPuaL.com" will have larger selections including originals on canvas. With today's technology electronic originals on canvas created log in as first original, second original categorized.

Individual paper prints of all the artwork are locates at the site above. You can order each for less and be ready for your favorite frame. Other options available, check it out.

Most of the artwork done in my fifties were acrylic they are available with negations, but I will keep them if possible, I will be 73 at the end of 2022, at 80 I may let them go a little easier.

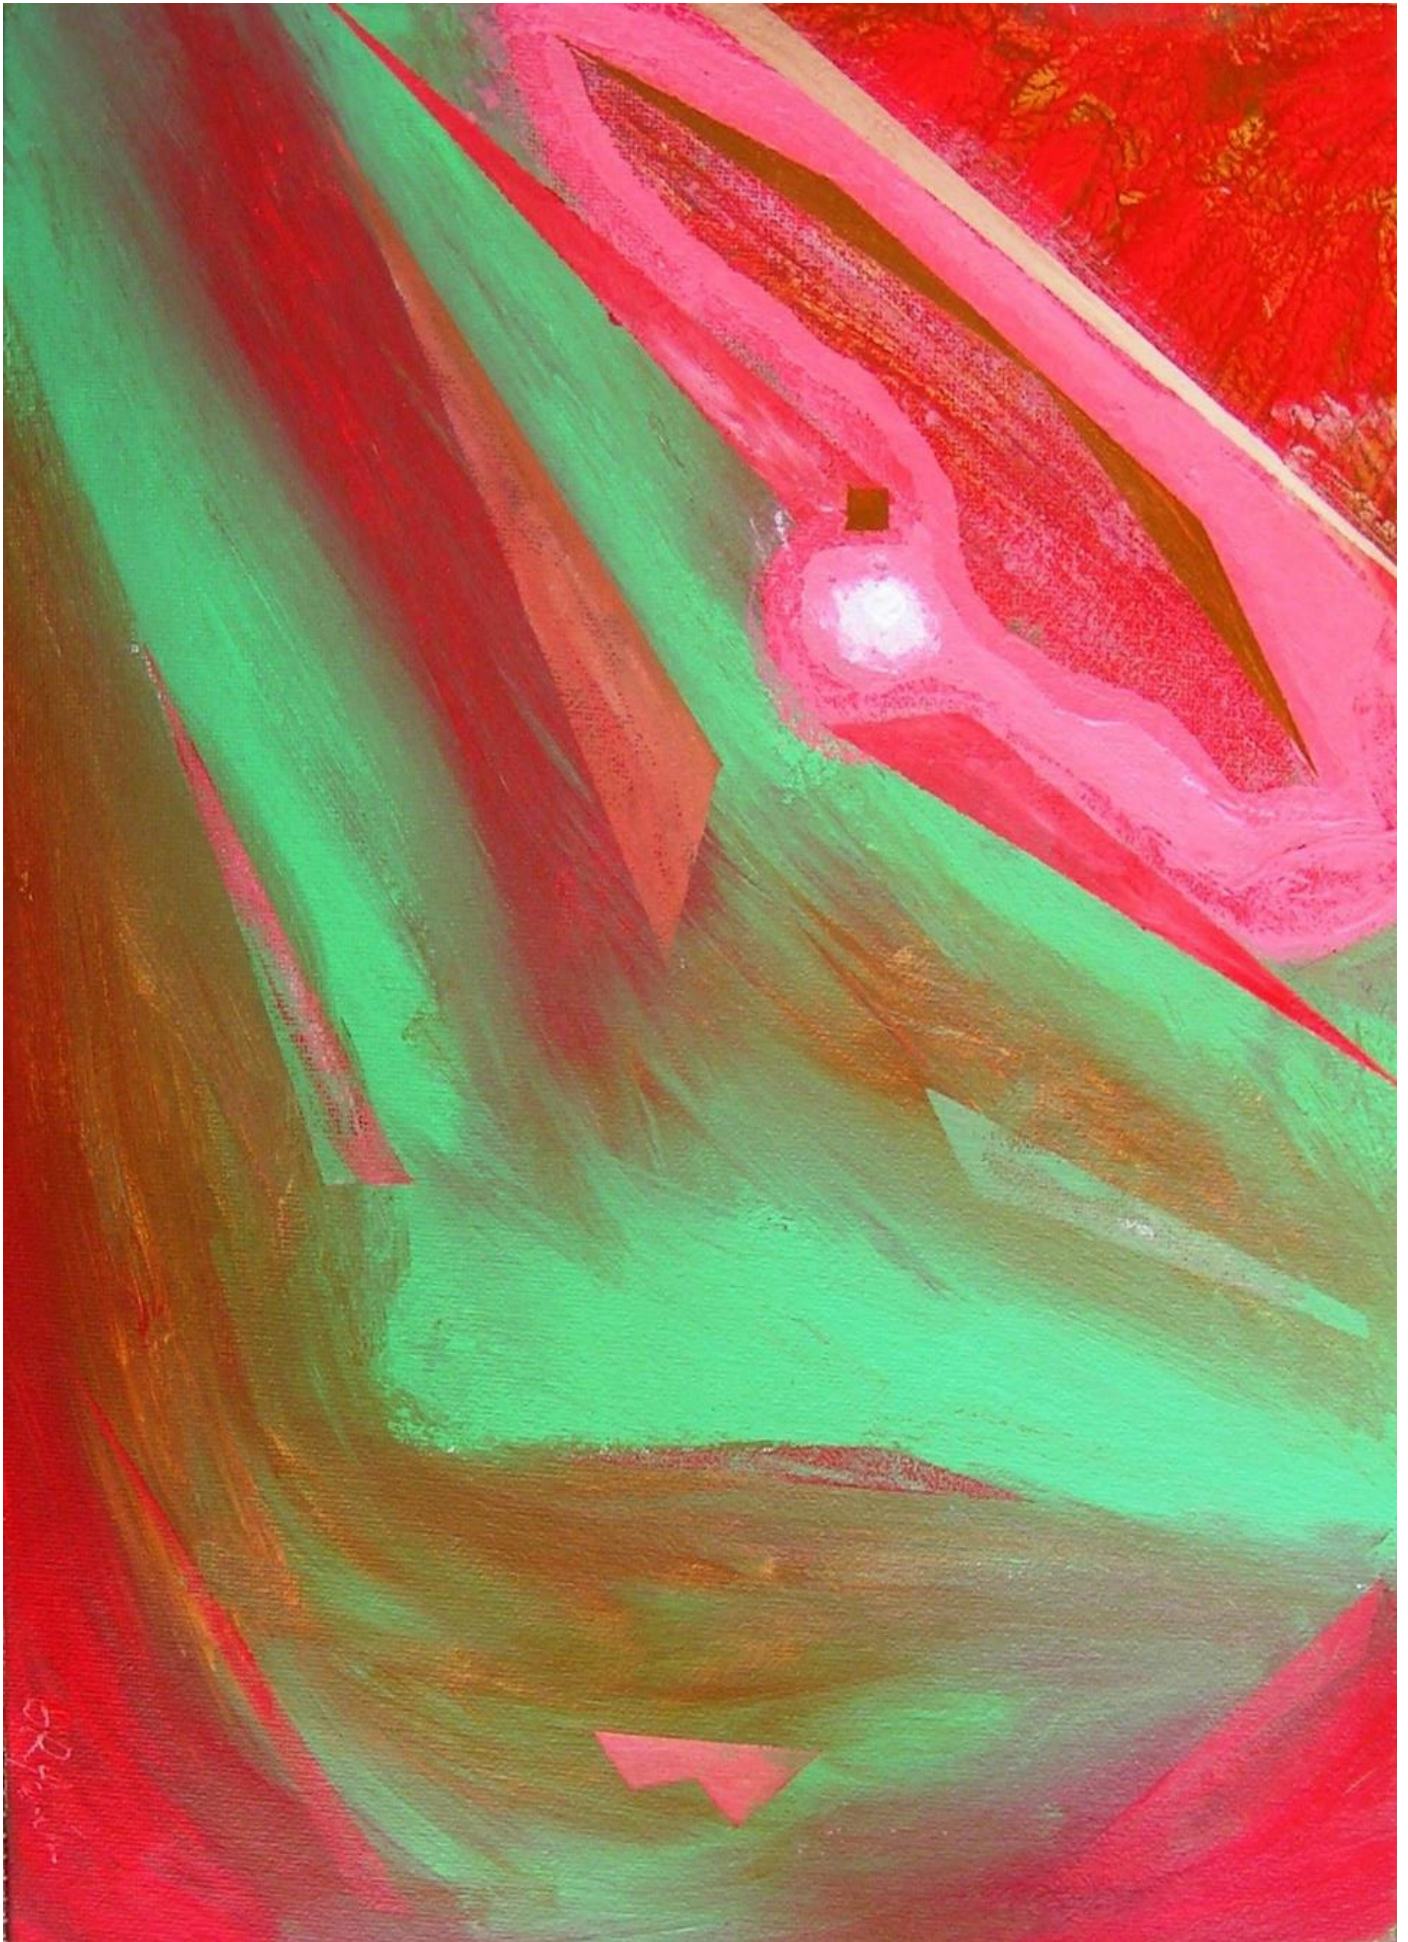

If the art were with Oil or Acrylic, their kept in storage. Only digital electronic reproductions on canvas sold for now. They will also have the 1st, 2nd, etcetera original decorations, and log.

Paper prints and printed literature logged, recorded, or documented.

1st Original or the next available Original on canvas may be ordered directly from the artist at buddy364@gmail.com size: 8" to 84", thick 3/4" or 1 1/2", Rolled. Items found online at eBay.com, or ArtbyBRPauL.com.

If you like these eight-by-eleven prints on paper, you will love the originals on canvas.

Lockheed 2003 Inventor of the Year

Dale Bennett awards Buddy Paul with "Inventor of the Year."

Buddy R. Paul
For creation of innovative and cost effective design solutions to meet the ever-evolving and challenging the Theater high Altitude Area Defense canister design requirements. As a result of Buddy's efforts, several patents were filed, which included inventions such as the "Launcher Closure with Bearing Retainer and Pressure Pulse Operation" and "Passive Dynamically Disconnecting Arm." Buddy's timely innovations were key to the successful completion of the canister Preliminary Design Review.
