

Wellness in the Park

WELCOME

Join us on **April 18, 2026**, for Wellness in the Park, a vibrant new health and wellness experience held in conjunction with **Earth Fest '26**—the second-largest Earth Day celebration in Central Florida. In 2019, the City of Casselberry adopted a “Healthy Community” initiative through local ordinances designed to promote active, healthy living. The addition of seven new or reimagined parks and miles of interconnected trails reflects the City’s ongoing commitment to that vision. Building on this foundation, the **Earth Fest '26** committee is proud to introduce a dedicated Healthy Lifestyle component to this year’s event.

Our goal is to curate an inclusive and comprehensive collection of businesses whose missions align with the spirit of wellness, sustainability, and community engagement. As this initiative grows, there is strong potential for **Wellness in the Park** to evolve into a standalone signature event in the future. The beautiful **Casselberry Art Center** will serve as the hub for the day’s programming, hosting expert-led talks, workshops, and demonstrations from trained professionals across a wide range of disciplines.

We are currently seeking businesses and practitioners in the following areas:

- **Fitness & Movement**

Gyms and studios, personal trainers, specialty fitness gear, yoga, Pilates, Zumba, Tai Chi, and more

- **Nutrition & Healthy Living**

Dietary specialists, whole-food vendors, health-focused brands, and nourishing food providers

- **Holistic & Alternative Wellness**

Natural products, energy healing, bodywork practitioners, and integrative wellness services

- **Clinical & Preventive Healthcare**

Healthcare providers, specialty medical services, mental health professionals, and preventative care organizations

- **Sustainable Lifestyle & Brands**

Eco-friendly retailers, environmental organizations, and community-focused groups

Earth Fest '26 is a five-hour event showcasing eco-conscious local businesses and organizations.

During this time, Wellness in the Park will activate the **Casselberry Art Center** with dynamic programming throughout the day. Attendees are encouraged to bring their mats and participate in indoor and outdoor classes suitable for all levels—from first-timers to advanced practitioners.

Participating wellness vendors will be thoughtfully placed adjacent to the **Casselberry Art Center**, creating a distinct “**Village of Wellness**” within the larger festival footprint.

We invite you to join us in this exciting new endeavor and take advantage of this opportunity to showcase your business while contributing to a healthier, more connected community.
