You Won't get Lean till you get Visual

Visualize. Improve. Sustain.

914,4th zone, 4th district, 6 October City, Giza, Egypt - Tel: 01060008998 - Fax: 0236914495 – m.shata@bds-co.org

Leading provider of innovative visual communications that deliver a platform of continuous improvement and drives sustainability within the workplace.

Since 2010, BDS has been guiding customers to operational excellence through the implementation of Visual Management, Lean, 5S, and Safety.

We are proud to be your partner, and would like to thank our customers who have used our products for continuous improvement.

Mostafa Shata, GM

Continuous Improvement ideas at your fingertips…

We help organise businesses of all sizes to identify opportunities within processes, engage your workforce and improve business performance. What sets us apart is the ability to create visual management solutions alongside your Lean strategies. When the two are combined, they are proven to boost the success of Lean programs which otherwise may fail.

We provide Tools to ensure the long-term success of 5S in your workplace.

5S TRAINING FOR THE WORKFORCE

Our 5S workplace organisation training can show your teams that, when applied correctly, 5S continuously improves not just workplace organisation, but productivity too.

We're here to help you find what you need!

Vehicle/Window Decals   Floor Signs

Vehicle/Window Decals

Customize windows, doors, vehicles, wayfinding information, safety instructions, and other important information with vinyl decals.

Material Features
- Thickness: 3.5 mil
- Flexible vinyl film coated with an aggressive permanent acrylic adhesive
- Indoor/outdoor use
- Graphics resist fading and mild chemicals
- Outdoor durability: 2-4 years
- Service Temp. Range: -40°F to 180°F
- Minimum Application Temp: 40°F
- Available in a variety of colors

Slip-Resistant Floor Signs

Use Floor Signs to create smart floors to promote safety and efficiency. Marking floors is one of the fastest and easiest ways to direct behavior and create visual communication.

Material Features
- Thickness 4.0 mil
- Premium adhesive-backed PVC film
- Unique HIGH BOND acrylic pressure sensitive adhesive
- Minimum application temperature is 40°F
- Laminated with a durable, clear 5 mil slightly textured, slip-resistant PVC
- Flexible material for curved or flat surfaces
- Graphics will resist fading and mild chemicals
- Recommended for indoor use only

Customize!
We make it easy.

8

Labels

Labels

Don't settle for standard messaging! Customize vinyl adhesive labels and bar codes for your facility available in multiple sizes. Labels communicate messages, reinforce standards, and eliminate questions resulting in a safer workplace with increased efficiency and productivity.

Material Features
• Peel and stick adhesive back
• Fade resistant digital graphics
• Indoor/outdoor use

Magnetic Signs

Magnetic Sheeting

Magnetic signs allow you to move your message from location-to-location quickly and easily.

Material Features
• Thickness: .020"
• Flexible sheets
• Mobile and lightweight
• Easily applied to metal surfaces
• Great for temporary signage
• Designs are printed on adhesive-backed, high-quality vinyl and applied to the magnetic sheeting
• Cut to specific size
• Indoor/outdoor up to 5 years

914, 4th zone, 4th district, 6 October City, Giza, Egypt - Tel: 01060008998 - Fax: 0236914495 – m.shata@bds-co.org - www.bds-co.org

9

Dry Erase Boards and Overlays

Magnetic Dry Erase Board

Material Features
- Thickness: .118"
- Steel Composite Material
- Resists ghosting
- Mobile or Wall Mount
- Framing available

Non-Magnetic Dry Erase Board

Material Features
- Thickness: .118"
- White acrylic
- Resists ghosting
- Wall Mount
- Framing available
- Customizable

Dry Erase Board Overlays

Dry Erase Board Overlays are printed on a thin, durable acrylic sheet with a magnetic or non-magnetic frame that attaches to your dry erase board. These overlays can be used on your existing dry erase boards.

Material Features
- Magnetic or Non-Magnetic
- Thin, durable acrylic material that includes a frame that attaches to your dry erase board
- Graphics printed on back to eliminate fading

914, 4th zone, 4th district, 6 October City, Giza, Egypt - Tel: 01060008998 - Fax: 0236914495 – m.shata@bds-co.org - www.bds-co.org

10

Banners

Reinforce your message in a bold way with eye-catching banners!

Each of our banners are available in horizontal or vertical format or they can be customized at no extra cost. Visit our website for additional banners designs.

Material Features

5S DEPENDS ON YOU!

24" x 36" - L746

5S STEPS TO SUCCESS

- **SORT** — Determine what you need and remove everything else.
- **SET IN ORDER** — Keep needed items in the correct place to allow for easy and immediate retrieval.
- **SHINE** — Keep the workplace neat and clean.
- **STANDARDIZE** — The method by which "Sort," "Straighten" and "Shine" are made habitual.
- **SUSTAIN** — Maintain established procedures.

5S LEAN WORKPLACE

1. **SORT** — Organization - keeping only what is necessary and discard everything else - when in doubt, throw it out
2. **SET IN ORDER** — Orderliness - arranging and labeling only necessary items for easy use and return by anyone
3. **SHINE** — Cleanliness - keeping everything swept and clean for inspection - for safety and preventative maintenance
4. **STANDARDIZE** — Standardized cleanup - the state that exists when the first three pillars or "S's" are properly maintained
5. **SUSTAIN** — Sustaining the discipline - making a heart of properly maintaining correct procedures

30

Glow Signs

Our glow-in-the-dark, high performance, PVC signboard glows the brightest for first 20 minutes, then fades to remain lightly visible for several hours. These signs are lead-free and eco-friendly, emitting a green/yellow glow. Ideal for wayfinding during an emergency.

- 0.046" PVC
- Bright WHITE when the lights are ON and longer GLOW when the lights are OFF
- Immediately visible in dark conditions

> Ensure that critical information can be seen in the event of an emergency.

NEW

Custom Personal Protective Equipment (PPE) Signs

Reduce Risk at Work

Even where safe work systems are implemented, hazards that cause injury and illness remain. Create custom personal protection signs that provide instructions and procedures to be sure your workers know exactly what PPE is required to minimize their risk.

• Our graphic designers will help you customize PPE signs that meet your workplace requirements
• Reinforce PPE requirements for material handling and restricted/hazardous work areas
• Select from a variety of materials including self-adhesive floor graphics
• Custom OSHA and ANSI compliant signs

Call us to create custom PPE signs at no extra cost.

914, 4th zone, 4th district, 6 October City, Giza, Egypt - Tel: 01060008998 - Fax: 0236914495 – m.shata@bds-co.org - www.bds-co.org

32

NEW

PolyLabels

Labels communicate your message in a unique way by adding color and symbols to reinforce standards. Labels will keep your team informed and eliminate questions resulting in a safer workplace and increased productivity and efficiency.

- Adhesive-backed
- Tear resistant
- Flexible material for easy application to curved surfaces
- Does not wrinkle or shrink
- Resists moisture
- Gloss surface can easily wipe clean of dirt and dust

Call us to customize your label, your way!

Don't settle for standard messaging when you can customize! Let our design team create a custom message that speaks to your process. Add your logo, custom colors, bar codes, and sequential numbering at no extra cost.

Applications
- Equipment Identification
- Safety Awareness
- Personal Protection
- OHSA Standards
- Inventory Control
- First Aid
- Hazardous Waste
- Confined Space
- And More!

Gauge-Marking Vinyl Decals

Ideal for quickly identifying gauge and inspection parameters to increase productivity and quality control. Easily hand cut or cut using the Visual Sign Shop. Gauge Marking Vinyl can be applied to most smooth surfaces including:

• Glass
• Plastic Corrugated
• Metal
• Dry Erase Board
• PVC
• Acrylic
• Magnet
...and more!

Error proof your gauges!

Gauge Marking Vinyl Color Options:

| 623 | 614 | 618 |
| Red | Green | Yellow |

Use Gauge-Marking Vinyl for more than just gauges! By applying the Gauge-Marking Vinyl to acrylic, using multiple colors, the re-order point is obvious. This eliminates s tock-outs and over-stock situations.

914,4th zone, 4th district, 6 October City, Giza, Egypt - Tel: 01060008998 - Fax: 0236914495 – m.shata@bds-co.org - www.bds-co.org

PolyVinyl Visual Tags

Single-Sided Tags

NEW

Status Record Tags

| SR106 | SA161 | SA163 | SA165 |

Essential communication for compliance and safety

Our Tags go hand-in-hand with a lockout tagout system to prominently display safety hazard detail, which is required by OSHA for locked out equipment or tools until the hazard has been resolved (OSHA 29 CFR 1910.145). Tags are suited for temporary, critical messaging.

- 3" x 6.25"
- Durable, flexible, tear-resistant PolyVinyl
- Single-sided or double-sided
- OSHA compliant
- Sold in packs of 50
- Customize at no additional cost

Applications

- Lockout Tagout
- 5S Red Tags
- OSHA Labels
- Inspection/Repair Tags

- Fire Safety
- Chemical
- PPE
- Custom

Printed Dry Erase Boards & Overlays

In order to improve we need to measure performance against the standard. No more hand-made graphics! Printed dry erase boards and overlays will assist your team with problem solving and comparing your goals to actual performance.

We have many designs to choose from or we can customize a design for you at no additional cost. Simply contact us and our design team will create a design that meets the needs of your organization.

Material Options

Magnetic Dry Erase Boards

Our magnetic, frameless dry erase boards are durable .118" steel composite. Graphics are long lasting.

Non-Magnetic Dry Erase Boards

Our non-magnetic, frameless dry erase boards are .118" acrylic, which offers excellent clarity, durability, and can be used as a dry erase surface.

Dry Erase Board Overlays – Magnetic and Non-Magnetic

• Magnetic or Non-Magnetic
• Printed on a thin, durable acrylic sheet with a frame that attaches to your dry erase board
• Graphics printed on back to eliminate fading

Create scoreboards that drive daily huddle meetings and color code information to quickly locate important data.

▶ **Contact us to customize a dry erase board or overlay at no extra cost!**

Engage your team in problem solving by measuring the process at the point of use.

914, 4th zone, 4th district, 6 October City, Giza, Egypt - Tel: 01060008998 - Fax: 0236914495 – m.shata@bds-co.org - www.bds-co.org

45

Dry Erase Board Overlays

Our dry Erase Board Overlays are printed on a thin, durable acrylic sheet with a magnetic or non-magnetic frame that attaches to your dry erase board. These overlays can be used on your existing dry erase boards saving you time and money.

Add a custom overlay to your dry erase board to engage employees and support your continuous improvement programs.

How to Order Dry Erase Boards & Overlays

1. Select a design/product code
2. Select a material code
3. Apply the codes to the cost table

Call to order a custom printed design at no additional cost

66

Digital Safety Scoreboards

Command attention and relay important safety performance

Encourage safety in your workplace with our bright, highly visible digital safety scoreboards that summarize important safety data and reveal opportunities for improvement. Choose from a variety of stock options or we can customize a design for you at no extra cost.

Benefits

Easy to Use
- Ready to hang in framed or standoff mounting
- IR remote included for easy programming

Material
Digital vinyl print on .125" durable Thermoplastic

High Visibility
- Bright, 4-digit LED counters available in 2.3" or 5" digits
- Bright red/yellow/green stoplight signals available in 4" or 8"

Power & Backup
6' wall adapter power supply (100-240V). Settings stored in flash memory so current count and other settings are retained in the event of a power outage.

Internal Clock
- Track number of days worked since a lost time incident and automatically advance every 24 hours.
- Configure to count specific days (i.e. 5 days/week)

Customize at no extra cost
- Your logo
- Vertical or landscape orientation
- Your idea and our team will provide a design

Technical Support
- Unlimited technical phone support
- One-year warranty

Vorne Manufacturing improvement made easy

Monitor any machine. Any process. Anywhere.
IoT that scales from machine to enterprise.

XL is the simplest, fastest, and most powerful way to monitor and improve manufacturing

XL is a standalone device that includes I/O to communicate with your process, a scoreboard for your operators, and built-in reporting for your managers. And – it seamlessly scales from machine to enterprise.

XL works on any discrete manufacturing process. That's one of the reasons it's used on 25,000+ installations in 45+ countries. Here's a few more:

- No software to install
- No servers to maintain
- No recurring fees
- No contracts
- Unlimited users
- Free 90-day trial
- Free technical support
- Free software updates

Is XL right for you?
Here is a quick test of whether XL is right for you.
Are you tracking production with spreadsheets?
Do you lack accurate or actionable data?
Do you have a system but it's too hard to use?

914,4th zone, 4th district, 6 October City, Giza, Egypt - Tel: 01060008998 - Fax: 0236914495 – m.shata@bds-co.org - www.bds-co.org

71

KPI Scoreboards

Share data and drive performance.
If you don't measure it, you can't manage it.

Establishing goals drives improvement and creates a culture of problem-solvers. Production metrics shown on digital information boards enable a continual feed of pertinent information regarding the team's progress as well as daily, weekly and monthly metrics.

Imagine a system integrated with your databases that displays KPIs, safety metrics, and critical project data in a meaningful and useful manner.

Advantages of Digital KPI Scoreboards

• Communicate process standards
• Ability to display data and metrics from databases
• Information is updated in real-time
• Share dynamic data at the point of use
• Remote management
• Replace paper reports and documents
• Distribute corporate communications efficiently
• Schedule messages
• Quickly update information

How it works

Your data is pulled from your server to a cloud-based server, or local area network, and published to a media player attached to each electronic commercial LCD display. Content can originate from Excel spreadsheets, SQL databases, videos, PowerPoints and more. Installation, technical support and training provided.

Forklift Safety Lasers

NEW

Increase pedestrian and operator awareness of moving equipment with arrow, line, and spot lasers

Forklift Safety Lasers provide visual warnings to pedestrians and vehicles in accident prone areas or areas where

pedestrians share floor space with mobile industrial handling equipment, such as warehouses, dock and loading areas or any industrial workplace.

Benefits

- Easy to install on any forklift in minutes
- Adjustable mounting bracket allows for easy positioning of the beam on the floor
- Projection configurations: single beam projections (spot) and dual beam projections (leading and trailing)
- High visibility illuminated projections provide the pedestrian with clear knowledge of their proximity to moving equipment
- Weatherproof and ideal for indoor/outdoor use

Digital Walkways

NEW

Our digital floor marking methods use either a high-intensity, eye safe laser to project a line or a high-visibility LED projector to create a virtual walkway, aisles, or lanes on any surface, indoor or outdoor. They are easy to set up and require little maintenance since you won't need to replace/repair floor tape and paint.

- Easy installation
- Reconfigure spaces easily
- Eliminates the need for repainting/retaping
- Ultra-Visibility
- Smart triggered projection

Laser Line Walkways

Projects a single beam, high intensity laser line on to any surface to create virtual pedestrian walkways. Use indoor or outdoor. Please contact us for information on dual line projection.

- Projection type: single line
- Projection colors available: red and green
- Casing: Machined aluminum anodized, red
- MTTF: 3,000 operational hours
- Water and weather resistant: IP67
- IEC Safety Classification: 3R (no safety eye wear required)
- Operating temperature range: 0°F to 120°F (-20°C to 50°C)
- Package includes laser mounted in block, adjustable mounting bracket, and 100/240V AC, 3-6 VDC power supply
- 3-month manufacturer warranty
- Dimensions: 2.67" x 0.78"
- Weight: 0.57-lbs.

Clearly defined digital walkways to increase pedestrian safety within your facility.

RYG LED Traffic Lights

NEW

Wireless control system to engage traffic signals with a range of over 300-ft.

Traffic lights are a great way to support safety programs and keep your employees aware of the facility safety status in an efficient and obvious way. Perfect for industrial or commercial applications.

High Power (HP) LED traffic lights are available with wireless control using either a keyfob or a Bluetooth phone app controller to quickly and easily engages traffic signals. Systems include universal L-shaped mounting brackets and cutaway visors. At less than 18-lbs, these signals can be mounted horizontal or vertical to suit your needs. Choose from black or yellow housings.

• IP65 modular housing, LED-based traffic signals
• 8" color tinted polycarbonate lens system
• Internal diffusing optics for consistent light distribution
• Wide operating voltage range of 100-240VAC
• Super-fast turn on and off, <70ms
• Energy saving >90% compared to incandescent
• Design minimizes sun phantom effects
• Long life cycle of >80,000 hours, no maintenance
• Viewing distance is >500M
• Easy installation

Wireless Light Control Options

Keyfob Controller

Control the LED Traffic Light with a keyfob remote that offers four easy-to-use modes of operations. Effective up to 300". Additional remotes are available.

Bluetooth Phone App Controller

Control the LED Traffic Light with any smart phone or tablet through a simple user interface that is available as a FREE downloadable app (Android and Apple). The Bluetooth signal range is effective between 100' to 300' depending on the Bluetooth signal from your device. With full signal

change feedback response included in the standard app, line of sight of the signal is not required for reliable operation.

Visual Hygiene Stations

NEW

Prepare your workplace for a safe and successful return

Visual Communication plays an important role in providing a safe and healthy environment for employees and guests as they move throughout a facility. Employers are expected to reinforce safe standards and provide cleaning and hygienic supplies, such as masks and gloves, sanitizing products, protective equipment, and thermometers.

Visual Hygiene Stations are a great way to drive prevention, display expectations, and provide PPE in one convenient location. They also an effective tool to keep employees and guests actively aware of company protocol in all areas of the facility. Place these visual display tools in a variety of locations throughout your facility, such as lobbies and entrances, offices, restrooms, break areas, manufacturing, warehouses, and shipping and receiving.

Visual Hygiene Stations can be unframed, wall mounts with standoffs or displayed in a steel free-standing frame; single or double-sided.

Steel, Freestanding Frame
• Overall Size: 24" wide X 70" high X 15" deep base
• Frame Material: Powder-coated 1" x 2" steel
• Frame Base: Designed for sturdy upright positioning, 15" x 24"
• Sign material: Heavy-duty 0.118" Aluminum Composite
• Hardware included
• Call for double-sided option

Unframed Wall Mount
• 24" wide X 36" high
• Hardware and Standoffs included
• Sign material: Heavy-duty 0.118" Aluminum Composite
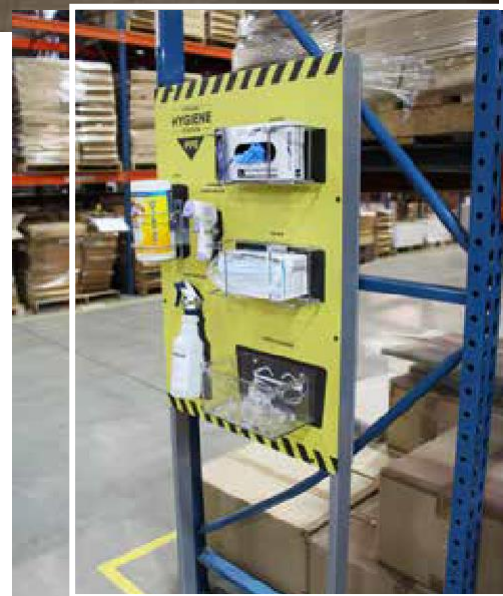

Customize your design!

Call us to create a Visual Hygiene Station that has your company branding, department names, a customized message, or specific hygiene products.
• Describe your design idea
• Specify wall mount or free-standing frame
• Specify size and quantity
• We will provide a quote

A place for everything and everything in its place.

Tool Shadow Boards–
Make Your Own Shadows

Shadow-Mark sets the standard for a well-managed workplace.

Use Shadow-Mark to put an end to misplaced tools and other items in your workplace. Trace each item on to the back of Shadow-Mark and cut out the traced shapes using scissors. Remove the paper backing and place the shadow in the designated location. You will have a professional looking shadow board that supports 5S, Lean initiatives and overall workplace organization.

Shadow-Mark is great for quality inspection processes, setup and process changeover, cleaning stations, medical instrument setup, break rooms, offices, mail rooms, maintenance areas and more.

· Apply on glass, metal, plastic, desktops and pegboard

· Quickly identify missing items

· Sustain workplace organization

· Not just limited to tools

· Color code everything

914,4th zone, 4th district, 6 October City, Giza, Egypt - Tel: 01060008998 - Fax: 0236914495 – m.shata@bds-co.org - www.bds-co.org

Dry and Wet 5S Cleaning Stations

Organization solution for everyday cleaning tools

Get your team excited about 5S and maintaining a clean workplace. Our 5S cleaning stations provide a designated location for every day cleaning tools in either a dry or wet environment. Eliminate time spent searching and reduce the replacement costs of cleaning tools that always seem to disappear. Add on a color coordinated tool bundle for a ready-to-use station.

• Choose from a variety of backgrounds and tool shadow colors

• Select a material that works best in your environment

• Hardware for hanging tools is included

• Color-coordinated tool bundles are available

Choose the right 5S Cleaning Station for your environment

Dry 5S Cleaning Station
• 72"h x 30"w
• Push broom
• Angled broom
• Dustpan
• Lobby dustpan

• Bench brush

Wet 5S Cleaning Station
• 72"h x 36"w
• Squeegee
• Spray bottle
• Mop bucket with ringer

• Wet floor sign

ADD-ON

Color Coordinate with TOOL BUNDLES

Create a complete system by bundling tools with your cleaning station. Tool bundles will match your shadow and help increase efficiency, reduce cross-contamination, and establish standard work.

Dry 5S Cleaning Station Tool Bundles:
· Angle Broom Head and Handle
· Push Broom Head and Handle
· Handheld Dustpan
· Bench Brush
· Lobby Dustpan
· Hardware to hang tools

Wet 5S Cleaning Station Tool Bundles:
· 26 qt. Mop Bucket
· Floor Squeegee and Handle
· Wet Floor Sign
· Spray Bottle
· Wet Mop Handle
· Hardware to hang tools

▶ Add a TOOL BUNDLE to help implement zoning, improve efficiency and increase productivity.

- Washable with mild chemicals
- Recyclable
- Service Temp Range: -40°F to 180°F

Aluminum Composite
Industrial Use
Superior Strength

FEATURES
- Thickness: .236"
- Two aluminum sheets laminated to a polyethylene core
- Durable and lightweight
- Resists abrasions, chemicals, corrosion, flexing, impacts
- Great stability
- Withstands harsh conditions
- Service Temperature: -40°F to 176°F

Thermoplastic
Food and Beverage Safe
Excellent Strength, FDA Compliant

FEATURES
- Thickness: .177"
- Tough and durable, two-ply industrial strength
- Suited for food, beverage, and pharmaceutical manufacturing
- FDA compliant seals
- Resists abrasions, chemicals, chipping, corrosion, cracking, fading
- Maintains optical clarity after multiple washes,
- Safe for contact with food
- Service Temperature: -60°F to 212°F

93

Foam Tool Inserts

Customized to achieve maximum organization.

Foam Tool Inserts

Tool Shadows create efficiency through tool control. Your processes need less human effort, space and time to make products at far less costs with fewer defects. They also provide asset accountability for each represented item. All of these advantages will enable you to sort, straighten, shine, standardize and sustain for a well maintained 5S work environment.

- Thickness: 1"or 2"
- Color options: Black/Red, Black/Blue or Black/Yellow
- Ensures FOD free work environment
- Design your own custom tool cases
- CNC precision cuts
- Call for a quote

914,4th zone, 4th district, 6 October City, Giza, Egypt - Tel: 01060008998 - Fax: 0236914495 – m.shata@bds-co.org - www.bds-co.org

DIY Foam Tool Organizer Kits
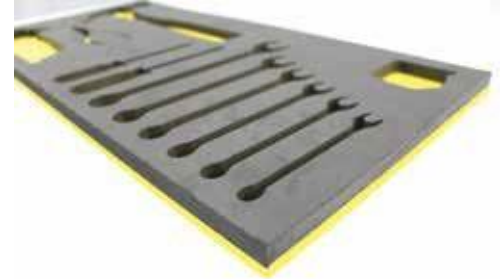

DIY Foam Tool Organizer Kits

Create tool control with Do-It-Yourself foam tool organizers to quickly identify missing tools at glance. Can be placed in drawers or on racks to organize tools at the point of use.

• Colors: Black/Blue, Black/Red, Black/Yellow

• Thickness: Black: 1/2" thick, Blue, Red, Yellow: 1/4" thick

• Material: 4lb cross-link, closed-cell foam

• Pressure Sensitive Adhesive (PSA) provides secure placement to contrasting ¼" foam

How to Create Foam Tool Organizer:

1. Trace tool on the ½" black foam.

2. Use an utility knife or hot foam knife to cut your tool shapes.

3. Remove PSA liner from Black foam and attach to contrasting ¼" foam.

Use Floor-Mark anywhere you need visual control and organization

Better than traditional tape or paint!

Floor-Mark offers a variety of industrial floor marking solutions for high and low traffic areas.

Marking floors is one of the fastest and easiest ways to promote safety and increase productivity in a fast-paced work environment. Not only will floor markings communicate what is supposed to happen, they will reinforce the standards in your workplace. Compared to traditional tape and paint, Floor-Mark is superior in durability, installation and maintenance.

All of our Floor-Mark products offer these great features:

• Won't curl, stretch or snag like thick, high profile tapes

• Easy peel and stick application on most clean, smooth, dry surfaces

• Interior and exterior use

• No chemicals needed for removal like paint

914, 4th zone, 4th district, 6 October City, Giza, Egypt - Tel: 01060008998 - Fax: 0236914495 – m.shata@bds-co.org - www.bds-co.org

Floor Decal Kits

NEW

Keep specified areas clean, free from obstructions/debris with our "HIGH BOND," durable Floor Decal Kits. The peel and stick application make it easy to apply and they withstand forklift and heavy foot traffic.

- Premium 3.5 mil adhesive backed PVC film
- Unique "HIGH BOND" acrylic pressure sensitive adhesive
- Laminated with durable 5 mil slip-resistant vinyl
- Flexible material for curved or flat surfaces
- Apply to smooth, oil-free, clean and dry surfaces
- Ideal for indoor use
- Easy, quick, peel-and-stick installation
- More durable than paint

Floor Decal Kits include:

- 1–17" Round Floor Decal
- 3–Pre-cut border pieces to create a 24"x36" overall size

▶ **Floor Decal Kits communicate safety precautions, reinforce work instructions, and provide direction.**
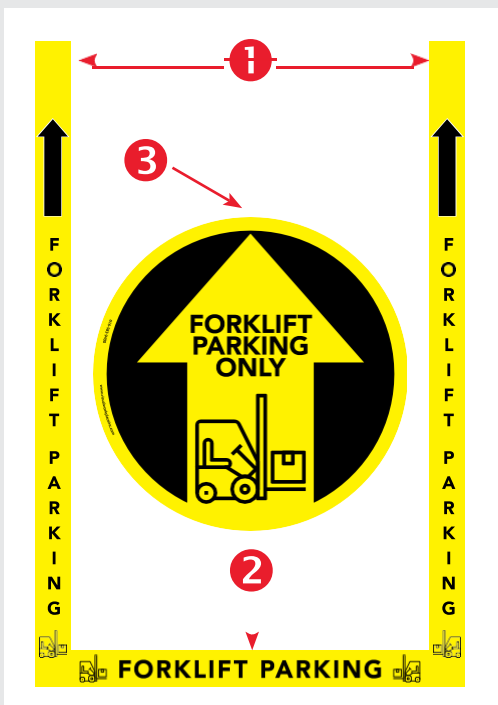

Quick and Easy Peel-and-Stick Installation!

❶ Peel and stick the two vertical border pieces in the desired location using the outside edges of the shorter, horizontal border piece for accurate spacing and alignment.

❷ Center the horizontal border piece along the bottom edges of the two vertical borders and peel and stick in place.

❸ Peel and stick the round floor decal in the center to complete the Floor Decal Kit.

▶ **The vinyl material is flexible for uneven surfaces and the high-bond adhesion withstands heavy traffic.**

Traffic Control Signs

Our rigid, highly reflective traffic control signs communicate and reinforce traffic regulations or requirements, day and night. The signs are made of High Intensity Prismatic (HIP) reflective sheeting and are recommended for use in more permanent areas.

• Engineer Grade sheeting
• Standard .080-gauge aluminum
• Standard mounting holes and corner radiuses
• Meet DOT and MUTCD guidelines
• 10-year outdoor durability

Sign Posts and Bases

Maintenance-free system!
No demanding paint jobs and repairs.

Sign posts and bases are cost-effective, heavy-duty designs that are maintenance-free and do not require painting and repairs.

- Quick and easy installation
- Bright colors Increase visibility
- Withstands the elements and 75 mph winds when filled properly
- Sign base material: HDPE
- Sign post material: Steel
- Sign bases weigh 30 lbs. with pole when empty and 175-250 lbs. when filled with concrete, sand, or water
- Sign posts are sleeved in matching HDPE post covers

▶ **Call us to customize with decals or a specific color.**

126

Lockout/Tagout Padlocks, Devices, Security Seals & Storage

Comply with OSHA regulations and keep employees safe by making equipment inoperable—LOCK IT OUT!

Controlling hazardous energy with a Lockout/Tagout (LOTO) system is an important component of maintaining a safe work environment and protects employees from injury or death that could occur if equipment isn't safety turned off. Energy used to power mechanical, hydraulic, thermal, electrical, pneumatic, water, and other systems needs to be locked out to stop the release of hazardous energy when performing equipment repairs and maintenance. A stored energy release can cause environmental hazards, catastrophic injures and death.

Visual Workplace offers padlocks, lockout devices, tags, labels, hasps, and other devices to support your LOTO system to maintain a safe work environment.

• OSHA compliant
• Clearly communicates risk in the workplace
• Provides safety while performing maintenance
• Prevention of injuries, damage and errors

Be aware of federal safety regulations for the control of hazardous energy

The Occupational Safety and Health Administration (OSHA) standard for controlling hazardous energy (29 CFR 1910.147) addresses the practices and procedures necessary to disable machinery or equipment to prevent release of hazardous energy while employees are servicing or maintaining equipment.

Clearly communicate risk in the workplace.

Personalize aluminum padlocks with laser engraving.

914,4th zone, 4th district, 6 October City, Giza, Egypt - Tel: 01060008998 - Fax: 0236914495 – m.shata@bds-co.org - www.bds-co.org

Company Profile

Vision

To Establish ourselves as a Market Leader in all Aspects related to Organizational and Operation Excellence in the MENA Region.

Mission

BDS strive to be the Organizational and Operational Excellence Market Leader in The MENA Region by supplying lean products and quality standards for our clients on their Lean journey to become the most efficient and effective competitors in their industries.

In doing so, BDS will meet customer expectations of highest quality; leading technology; competitive pricing; individual and company accountability; best-in-class service and support; flexible customization capability; superior corporate citizenship.

As a result, our customers will reward us with Market leadership in sales, profit, and value creation, allowing our people, the communities in which we live and work to prosper and reach a world with zero operational waste.

914,4th zone, 4th district, 6 October City, Giza, Egypt - Tel: 01060008998 - Fax: 0236914495 – m.shata@bds-co.org - www.bds-co.org

Our Service

The increasingly competitive markets and difficulties in the world of production have emphasized the need for companies to optimize their production processes to get rid of any type of waste. This goal can be reached by following the principles of LEAN PRODUCTION.

Endorsed the concepts behind this production philosophy, BDS, since 2010, has researched, selected, and developed a wide range of fundamental components and systems for the practical implementation of lean principles.

BDS is the right partner for all situations of optimization:
- of production and material flows thanks to an innovative system for MATERIAL HANDLING
- of the reorganization of the workplace, according to ergonomic principles of ergonomics
- of stocks reduction thanks to KANBAN SYSTEM
- communication improvement thanks to LEAN VISUAL MANAGEMENT

The range of products offered by BDS and distributed nationally includes a variety of components selected for their clarity and ease of use. Their flexibility and customization options make them suitable for every specific need and help to achieve amazing results in a short time

The constant commitment, competence, and flexibility gained, together with the agreements signed with leading national and international companies, allowed BDS to achieve excellent results in a very short time, becoming a trusted partner and a reference point in Egypt for components and systems related to lean production.

The goals that have been obtained are a direct consequence of both the quality of the products the company offers and the punctuality and professionalism of a young and dynamic group, which is motivated and prepared to respond competently to the demands of realities that see in the lean production philosophy and its application a possible way out to the pressing problems of continuous improving, elimination of waste and maintaining of their own market share.

BDS offers a complete line of lean products and lean training materials, as well as lean training packages. Whether you're just getting started in lean or you're a lean master looking for ways to accelerate your lean implementation, we have the lean products
and lean training packages you need to transform your organization, fast! We offer the Complete Lean Solution from 5s to TPM and Visual Management!

Our primary mission is to assist organizations in regaining a competitive ad- vantage in their complex, global, and fiercely competitive industry with our lean products and Lean Training Packages. We are expertly knowledgeable in the fundamental success factors for successful Lean Transformations and we can provide you the tools and know-how to ensure your lean implementation is efficient and sustainable.

The company which uses Lean Production methods and specific products for the application of these principles and becomes a LEAN FACTORY is a company of excellence where everything is aimed at continuous improvement and waste reduction, which are the basic principles of Lean.

Wastes (MUDA) are identified in 7 main groups derived from:

A. Overproduction

B. Transportation

C. Unnecessary stocks

D. Unnecessary movement

E. Inactivity

F. Defective products

G. Waiting

BDS will provide all the specific products to help you transform your company into a LEAN VISUAL FACTORY
