

GROWING OUR WORKFORCE

As a small business owner, I know what it takes to meet a payroll and create jobs here in Santa Rosa. We need a City Council that will work hand in hand with our business community to make Santa Rosa a destination for companies large and small. Let's grow Santa Rosa's workforce, not drown it in red tape!

HOMELESSNESS & REVITALIZING OUR DOWNTOWN

When it comes to our Downtown, we know it will take two things to pave the way for its revitalization: addressing our homeless issue and free parking. I will always be a vote for free parking in our Downtown area. We have to stop doing the same things over and over again, and expecting different results, when it comes to our homeless issue and expecting different results. As your Councilmember, I will think outside the box, see what other communities are doing, and work with our County counterparts to finally address the homeless issue in a way that will actually produce results.

OUR CITY BUDGET & OUR COMMUNITY

District Four often times pays the highest share of our City's taxes without an adequate rate of return to our community. As a licensed C.P.A, I will go through our City Budget, line by line, and ensure our District gets the services that it needs: fixing our roads and sidewalks, making sure our street lights are in good working order, and keeping our parks clean.
