

BIPOLAR IONIZATION

THE TIME IS NOW FOR INDOOR AIR QUALITY STANDARDS

As molecules pass through the system, ions that will actively clean and purify the air by seeking out pathogens are generated

BENEFITS OF BIPOLAR IONIZATION

- Reduces up to 99% of airborne and surface bacteria, viruses, mold and allergens
- Reduces VOCs and truly eliminates odors - no masking or diluting
- Easy to wear, lightweight and portable!
- Low maintenance - no filters to change!
- Safe, natural and environmentally friendly process that does not utilize chemicals, heavy metals or harmful products.
- Sanitizes surfaces and disinfects air!
- Environmentally friendly rechargeable battery

Cleans air and surfaces the way nature intended
