

# A New Day Beginning Salon & Spa

## “ Heatwaves Tanning Kutztown”

### ONE 1 HOUR RAPID TAN SOLUTION

**A technological sunless breakthrough, ONE™ utilizes a proprietary amino acid propulsion system to boost results.** A first of its kind, rapid development sunless solution introduced specifically for clients who can't wait the usual 8-12 hours before their post session rinse. ONE puts the level of color choice directly in the client's hands.

Designed for all skin tones, clients can rinse in 1 hour for **Light Bronze**, 2 hours for **Medium Bronze**, and 3 or more hours for **Darkest Bronze**.

*Note: Although cosmetic bronzers will rinse away during the first shower, color will continue to develop for 24 hours.*

Full Body Spray: **\$45.00**

Optional:

**\*\*We include 3-4 minutes in Level 5 Standup Booth to help in drying before leaving our salon at no extra charge.**

### NORVELL SUNLESS

**Norvell®**, a name synonymous with ground breaking sunless spray tanning innovation, continues to develop and manufacture technological breakthroughs in the sunless spray tan industry. **Norvell** has introduced a flurry of leading edge, award winning products like **Venetian**, sunless solution **Norvell Legend** sunless solution, and **ONE 1 hour rapid tan** sunless solution. **Norvell** tanning equipment runs the gamut from affordable, light weight spray tan units perfect for mobile application all the way up to fully automated spray tan booths.

**Development Time:** 1-3 hours (those with fair skin not recommended to go over 2 hours)

**Average Tan Length:** 5-7 days

**Directions:** Exfoliate thoroughly 24 hours before application for best tanning results. Apply in even, light strokes for uniform coverage and discard any unused solution from your completed session. Do not oversaturate skin. Avoid water contact and perspiration until development time has passed. After 1-3 hours rinse off in a warm shower - 1 hour for a bronze color, 2 hours for a medium bronze color, and 3 hours for a dark bronze color. Extending the duration longer than 3-hours is NOT recommended for optimum results. Use a tan extender daily to prolong the life of the tan.

*One hour rapid tan formula*

*Paraben Free, Gluten Free, Sulfate Free, Phthalate Free, GMO Free, Triclosan Free, All Natural Fragrance, 100% Vegan*
