## CHILD LEARNING CENTER

"THE CENTER  
FOR COMPREHENSIVE  
ASSESSMENT & TREATMENT  
OF ACADEMICS, LEARNING &  
BEHAVIORAL ISSUES."

"CLC is a multi-disciplinary team of  
Professionals, Therapist and  
Educators to work on overall  
Academic & Behavioral  
Development of your child"

## ABOUT US

CLC (Child Learning Center) uses a scientific approach to enhance learning skills of the child. Our team of professionals, counselors and educators work on overall academic and behavioral concerns through detailed assessments and psychometric tests. We follow goal-based approaches developed by experts and we implement them for achieving the success of our children. It is a private organisation established in 2012 at Nerul, Navi Mumbai by Dr. Sumit Shinde to help children with Academic backwardness due to various reasons like Learning Disabilities (LD), Attention Deficit Hyperactivity Disorders (ADHD), behavioural issues, Anxiety Disorders and Parenting issues. Through effective therapy/counselling sessions including individual and group therapy coupled with review sessions. CLC aims to empower the core personality of the child, bringing into effect with a home program approach to enable the parents to understand the progress of the child. This makes CLC unique in its approach. Our focus is on developing higher cognitive skills, academic skills, offering interventions, treating mental health and behavioral issues. With these technical approaches and the attitude of our team, CLC aims to be successful in developing Academic skills in children. Additionally, CLC empowers professionals in the field through seminars, workshops, and training sessions, fostering a community of support and growth.
