

# ***FALLS FEUDS***

- + Each round has one survey question that requires five answers.
- + Write all your answer choices on scrap paper (i.e. the back of this page) *before* entering them on the answer form. **ONCE AN ANSWER IS ENTERED ONTO THE ANSWER FORM, IT CANNOT BE CROSSED OUT OR REPLACED.** Any corrections on the answer form will nullify (zero points for) that answer. No exceptions.
- + Put the number one survey answer in the top answer box for an additional ten points!
- + The host will wander around to see that all of the answer boxes are full. Once all of the teams are ready except the last team, harassment will begin for the last team not done.
- + Answers and scoring will then be revealed.
- + If your team has the answer that is revealed, write down that score in the box next to your correct answer.
- + Again, if you have the top survey answer in the first spot on your form, you score an additional ten points. We are only doing this for the number one answer. It does not matter in which place the rest of the answers are.
- + The host may reveal more than five answers so you can see if any of your answers that didn't make the top five are even on the board, but any answers reveal past the fifth spot *will not* count for any points.
- + Add your scores up to get your total score for the round, host will come around and collect the answer slips. Please detach the current round's slip along the perforations.
- + Falls Feuds is a work in progress, please be patient as we massage it into what it needs to be.
