

BROCTONS Limited
Procurement Consultancy

Procurement Consultancy for Nuclear and Gas Fired Power Plant Project

Our consultancy has operated various procurement management for power plant projects across the world. We reduce project execution costs, improve contract processes and upskill their procurement teams so that they can realize cost savings faster. Our aim is to ensure savings are measurable and sustainable greater value for your business over the longer term.

Selected Projects

- HINCKLEY C Nuclear Power Plant 3200 MW
- Tripoli Simple Cycle Power Plant 671 MW
- Misurata Simple Cycle Power Plant 650 MW
- Dhiqar Combine Circulation Power Plant 750 MW
- Samawa Combine Circulation Power Plant 750 MW
- Besmaya Combine Circulation Power Plant 1500 MW
- Akkuyu Nuclear Power Plant 4800 MW
- Roopor Nuclear Power Plant 3200 MW

Procurement Consultancy for Oil and Gas Plant Projects

Improving operational, maintenance, efficiency, and reducing expenditures is mainly our target for Oil and Gas projects. Interfaces in various disciplines affect schedules during the operation and execution.

Oil and Gas project equipment sourcing strategies and fast responses reflect a pivotal role in achieving greater operational and financial efficiency.

Selected Projects

- Majnoon Oil Field Development Project
- Amur Gas Processing Plant
- Yamal LNG Plant Phase CWP2, CWP3, FWP4
- Exxon Mobil Majnoon Oil Field Treatment Plant
- Sakhalin II Phase 2 Project, Onshore Processing Facility (OPF)
- ENL Sakhalin I - EPC I, Oil Export Terminal

Material Management for Power Plant Projects

The execution of the project is mainly complex systems including engineering, procurement, construction, and start-up phases. Among those stages, engineered materials management is a fundamental and decisive job.

- Optimal transportation and logistics strategy.
- Review and Risk Coverage Requirement
- Integrated Inventory Management system, and interlinkages with O&M system
- Optimal Inventory Policy
- Development of Material management system

Selected Projects

- HINCKLEY C Nuclear Power Plant 3200 MW
- Majnoon Oil Field Development Project
