A CLEAN PROFIT

Invest in the future of a clean earth as we work endlessly to create a positive impact on the environment and return for our shareholders.

Investment

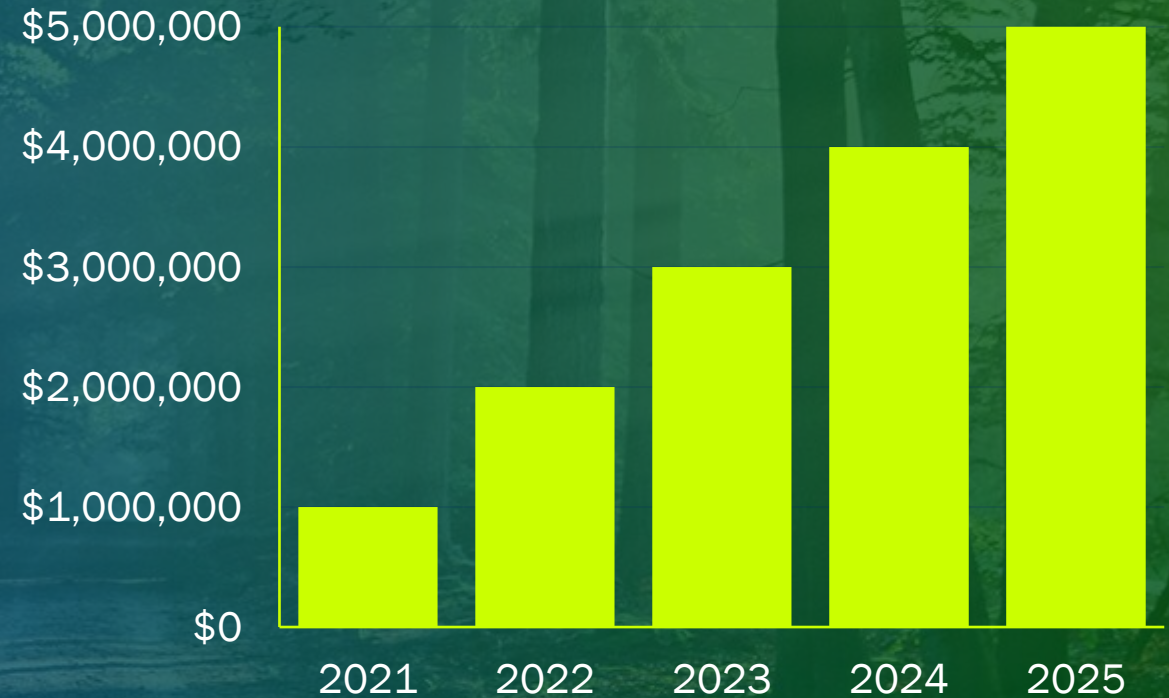

- One million shares have been issued for phase one private equity raise at \$1.00 per share.
- A minimum of 1,000 shares must be purchased to issue a stock receipt.
- A maximum of 100,000 shares may be purchased representing 10% ownership.

Return

- Monthly profit disbursement based on number of shares as percentage of ownership.
- Quarterly stock buyback of shares equal to valuation at time of sale.
- Shares are fully transferable without any additional fees.

REVENUE PROJECTION

Our mission is to eliminate the negative environmental impact of construction and development. Saving the planet just so happens to be a lucrative business as well.

COST PORJECTION

Your investment along with the revenue we are already producing will go to fund our annual budget and help save the planet.

“You are what you do, not what you say you'll do.”

-Carl Jung

Thank you for considering to join us on our quest to protect and conserve the planet Earth.

With or without your contribution we will continue to protect our environment from pollution. It just feels a whole lot better when we all get involved! Together with your investment OWL Environmental is committed to building a sustainable and equitable future for all.
