

# MOBILE MILESTONES

*Supporting Schools, Providing Hands-On Therapy to Students Impacted by Distance Learning*

## Do you have IEP students struggling with virtual therapy?

Mobile Milestones is a mobile outpatient clinic seeing the children of Rhode Island in their home environments. Our program is committed to providing care to those who have been impacted most severely by COVID-19.

We are contracting with school systems throughout the state to help provide hands-on therapy to students who cannot attend school due to pandemic or health restrictions.

Our highly specialized pediatric team provides quality therapy services including:

### **PHYSICAL, OCCUPATIONAL and SPEECH THERAPY.**

We will work collaboratively with your district to support and implement the student's IEP. Our team is exceptional in all areas of treatment and infection control. We are covering the state of Rhode Island at this time. Please call us today to find out how we can help the students in your district!
