

Sedbergh Swimming Club

Pool Closure Procedure

Unplanned closure of pool

Unplanned closures of Sedbergh School's pool can occur when unavoidable circumstances force the pool to close. The pool needs to be safe and comfortable for all swimmers, but particular for toddlers/children. In the event of an unplanned closure the following procedures should be followed –

If the pool has to be closed at short notice then Sedbergh School will normally contact the Chair or the Secretary for the Club. They will then endeavour to make contact with the lifeguard via a **WhatsApp** message to let everyone know what the problem is and the timescale for resolving and what the risks might be. A decision will then be made as to the next steps.

If it is agreed that the pool is to close for the session then the Chair or the Secretary shall notify all Committee Members and Members of the Swimming Club of the closure as soon as possible giving as much detail about the issue.

Who to contact:

All Committee Members and all Members of the Swimming Club.

NB If the problem is discovered by a Committee Member during a swim session then Sedbergh School Maintenance Team must be contacted immediately to enable them to rectify the problem. T: 07917 121336 (normal working hours) or 07795 331557 (out of hours).
