We're all still cruisin from the Cruzan on the cruise.

Summer went by too fast this year. There hasn't been enough time to do all of the things we have wanted to do. It looks like we are going to have to start giving new adventures preference over some of our old stand-bys. With this in mind we are now considering new places to discover and explore. Tops on our list are Barbados or Eleuthera for this spring rather than returning to San Salvadore, and Ron. Anyone have any other places in this general area that you are interested in discovering, let us know and we will look into the possibilities of going.

Our trip to Walnut Bottoms is now set for October 27, 28, 29, and 30. This date seems to be convenient for the most number of club members. It will also allow us to be up in the mountains right in time for all of the fall colors. Anyone counting on riding in the van up to North Carolina, contact Eric. Van space is limited so it is absolutely necessary that we know who is going. Don't forget that this trip will involve using tents as opposed to shelters. We will be camping at Walnut Bottoms all three nights and hiking out daily for short excursions. Once again, those of you who need to rent a tent, go in to Base Camp on Mills Avenue and say that you are from 'You Bet Your Life - Outdoor Experience'. Don't forget your muckluks and cornstarch.

The snow ski trip to Vermont is set for the week of March 16-24. If you want to go on this trip, the cost will run around \$350.00. This will include round trip air fare, car rental, lodging, and a week of ski lessons, rentals and lift passes. You will need to make your reservations as soon as possible. Contact Kris H. for more details.

With Fall here and the reduction in our mosquito population, we are now looking forward to more weekend campouts here in Florida. Upcoming outdoor experiences include canoe trips to Sebastian Inlet and Wekiwa Springs via Rock Springs. We are also especially looking forward to spending a long weekend exploring the Everglades.

'You Bet Your Life's' roving production team just returned from location at Rock Springs. For those of you who thought that you were safe from Eric's trickery trigger finger - - - HA! HA! Yes, we say H A ! H A ! We now have a full production staff working on final scripts for an outdoor experience extravaganza. No one will be left out, no talent will be left off of the video tape, no one will be safe until Eric's batteries are completely drained.

"Act as a rational being and aim at becoming a rallying point for all those who are starved for a voice of integrity - act on your rational values, whether alone in the midst of your enemies, or with a few of your chosen friends . . ." Ann Rand
