

will run approximately \$350.00. This price will include round trip air fare, car rental, lifts, lessons and ski rental and lodging. This year we are hoping to make a couple of side trips to Pico, Mt. Snow and some of the other resorts in the area. Once again we will be staying at the Turn of the River Lodge near the Killington Gondola lift. For further information or space reservation contact Kris Hoepfner immediately.

Air fare rates are scheduled to go up on or around December 15th. So, if you are planning on traveling by air anytime within the next few months it will save you money by purchasing your tickets now.

Alas, this years Bahama trip will not be going to San Salvadore. We have found a new hideaway to experience on the island of Eleuthera. Would you believe a beautiful four bedroom house on 30 remote acres? Included with the house is our own private sail boat, a station wagon, maid service, tennis courts, three private beaches and use of a 19ft. motor boat with its own little captain (how about that girls?). Total price will incompass round trip air fare, accomodations, food and ground transportation for one week. Tentatively, we are looking at the last week of April but this will depend on dates that the house is available. Total price is not definite at this time as we are still working on air carriers. We are limited to a total of eight people for the house and already we have eleven people who have expressed a sincere interest in going with us this year. The possibility now presents us with the prospect of renting the house for two weeks for two different groups of people. So . . . if you haven't already done so let us know if you are interested, perhaps a later date would suit you better, and we will see if we can't arrange another trip.

Since we will not be returning to San Salvadore this year it has been suggested that we send Bernie a picture of all of us just for old times sake. So, we will be getting everyone one who ever went to San Salvadore with us together for a group picture. Keep in touch so you'll know when.

Come on, quit sitting on your duff dreaming about all of these fun places and get up and do something! What a better way to meet new people than to go with us sometime. Even if you can't go why not give us a call sometime and just let us know what's going on around you.

'Life is very short, and very uncertain; let us spend it as well as we can'. - Samuel Johnson
