

**ANNUAL MEETING**

Recently, an email from Excel was sent out to save the date for our annual meeting which was to be held in person on 12/12/2020. Due to COVID restrictions taking effect next week, we are now putting steps in place to have a zoom meeting. We will be working on the technical side of this and send more information in the future. If we can make the zoom meeting work for the entire community, we will hold it at the same time (12/12/2020 at 1 PM).
