Medicare Part B (Medical Insurance) Costs

Part B Monthly Premium

The standard Part B premium amount in 2018 is \$134 or higher depending on your income. However, most people who get Social Security benefits pay less than this amount (\$130 on average). Social Security will tell you the exact amount you'll pay for Part B in 2018.

You pay the standard premium amount (or higher) if:

- You enroll in Part B for the first time in 2018.
- You don't get Social Security benefits.
- You're directly billed for your Part B premiums.
- You have Medicare and Medicaid, and Medicaid pays your premiums. (Your state will pay the standard premium amount of \$134 in 2018.)
- Your modified adjusted gross income as reported on your IRS tax return from 2 years ago is above a certain amount.
