The draft design was reviewed and some changes were suggested. Kyra will update the sticker and bring an updated draft to the March meeting. We will vote on the final sticker at the March meeting.

- B. Follow up from City Hall Meeting regarding requests for road closures, waive open container laws, ect.

On Monday, February 12, the City of Cambridge approved road closure requests, waived their open container ordinance, waived their noise ordinance, and agreed to pay half of the porta potty bill.

- C. Living in the News monthly advertisement

We will continue our monthly advertising with Living in the News, \$100. We need to do a better job of getting marketing content to Living in the News to share on their social media platforms. They have about 11,000 followers.

- D. Is the Washington County Fairgrounds still renting RV and tent space for Hells Canyon Days? Who is the point of contact?

Mariah Johnson has been hired to fill Chris Braun's position at the Washington County Fairgrounds. She will be our point of contact for renting RV and tent spaces during Hells Canyon Days. **We need to reach out to her and get details.**

- E. Need to confirm pricing for concert tickets and weekend pass tickets

- a. Who is the Cambridge Rodeo Association Contact?
- b. Who is the Cambridge Baptist Church Contact?

Kim Royer is the CRA contact. She stated that rodeo tickets will be \$14 and BBQ tickets will be \$14. Both items will be included in our weekend pass. Susan Crisp will be our point of contact for the Cambridge Baptist Church. Brandie will reach out to her to see if they still want to participate in the weekend pass. If so, we need to get pricing for this year.

H. Alcohol Vendors

Our attendance goal for the 2024 Hells Canyon Jam is 3,000 people. Last year we hired Heidi Clement, Club New Plymouth LLC. This year we will have 3 alcohol vendors - Club New Plymouth, The Office Bar, and Legends. Brandie will get contracts written up for review. Renee Bilbao will take lead on all alcohol vendor communications once contracts are in place.

A letter from Angel Summers was read at the meeting. Brandie answered questions to her letter. Details attached.

I. Review Hells Canyon Jam Poster and Sponsor Thank You Magnet
Both items have been sent to Easton Corbin's people for approval 12.13.24.

J. What items need to be on the Hells Canyon Days Weekend Poster?
We did not discuss this. It will be added to the March meeting agenda.

We need to schedule a meeting that is focused on ticket logistics.

Angel's questions were answered at the meeting and discussion occurred.

Are we trying to fence in the concert or are we trying to fence in the beer gardens.

Both, fencing quote and event layout attached

Is there a reason why we can't have beer gardens up and running along with all the other vendors during the car show?

The beer garden was up and running last year from Noon and until the end of the concert. We plan on doing that again this year.

Why are we wanting to limit the amount of beer gardens?

Last year we hired Heidi Clement, Club New Plymouth LLC, we hired her because she contacted us and offered a deal we would have never even thought to ask for. She provided everything needed for the beer garden and we had no issues. We agreed upon a 50 / 50 split of net profits. She provided detailed numbers. Heidi is available and would like to return to our event.

There are two reasons we didn't immediately agree to having additional alcohol vendors, (1) we did not have enough vendor space for two alcohol vendors. Since Mike has agreed to let us use his property at no charge we now have space to have additional vendors. (2) we do not want to burn our bridges with a business who went above and beyond to support this community event. We have visited with Heidi, she is very community minded, and is willing to continue to support our event and be a vendor. We also had to look at our insurance policy to see what rules are included regarding alcohol vendors.

This event takes 9 months of planning for 2 days of activities.

This year we are going to have multiple alcohol vendors. Hopefully, one of them will sell a product you are willing to purchase and enjoy. This year we are going to have vendors in the concert area selling food and nonalcoholic beverages. We do not have control over what vendors charge for food and drinks.

Thank you for sponsoring the Hells Canyon Jam. Thank you for attending the event last year. If you have any additional questions please bring them to our March meeting or you can contact me personally, Brandie Lincoln, 208-957-0020.

January 29, 2024

Dear Cambridge Commercial Club,

I am writing this letter as I will not be in town for the February 13th meeting. Would you please read my letter at the meeting and discuss and answer my thoughts and questions?

First off, I want to start by giving my experience of last year's event. We have been a sponsor for several years now and last year was our first year to make it to the concert, normally we are out raking and baling hay.

I thought about taking a cooler with beer, wine, and bottled water into town, but I decided against it because I wanted to support the vendors (surely, they would have something in there we could drink). Well, that wasn't the case. You had one drink vendor that had an option of four different drinks and no water. We had 10 people in our group 8 of them came from the Jerome area, bringing their cars and semi to the car/truck show. They wouldn't drink any of the options that were available from the drink vendor. We ended up going over to Loveland's to grab a bottle of wine, cranberry juice, and bottled water then on over to Blake's to grab some beer and vodka. I was trying to be a good host to our friends and family that we invited up here. If the drink vendor or vendors aren't going to have what someone wants to purchase, there shouldn't be any harm in purchasing from our local businesses.

Are we trying to fence in the concert or are we trying to fence in the beer gardens?

all together

Is there a reason why we can't have beer gardens up and running along with all the other vendors during the car show?

If it's true we have no open container law, why are we worried about someone walking with a drink from the bar or beer gardens to walk through the cars and trucks or just going to find shade to sit and visit with friends. It shouldn't matter if drinks are purchased from one of the stores, the bar or drink vendors, it is still supporting our community.

who would be responsible Insure
Liability;

If someone walks into the fenced concert area with a drink let them. If we have more drink/price selections from vendors inside the concert area people are more likely to stay in the concert area to not miss the concert. People don't want to walk four blocks to grab a water or beer during the concert, they have paid a lot for that concert ticket.

Why are we wanting to limit the amount of beer gardens?

We really need to figure out a rate for all potential beer gardens.

Can we somehow come up with an incentive? Maybe they pay a \$1,000.00 to \$2,000.00 sponsorship and there's no charge for the vendor fee? Maybe offer this to all vendors?

It would be a good deal for the vendors, it would get them some advertising and it's a good deal for the CCC, because it would be a guaranteed rate whether the vendor shows or not.

I think asking people to do percentages is going to be a hassle. If you have a no show that means CCC percentage is zero. It would be better to collect fees in advance and know what you've got.

The beer garden last year failed for options. I say let the vendor from New Plymouth continue to provide her selection of four alcoholic drinks if that's what she wants to do again.

Other beer gardens can provide a selection of beer, wine, soda & water, maybe even a couple premade batch drinks like margarita's and/or strawberry lemonade.

There may be local brewers or wine makers that would like to get their products out there as well. We need more than one beer garden as well as other drink vendors so there's more options. If I'm able to go to the concert this year and I can't buy a bottle of water for my son, we won't attend again.

Having more than one beer vendor signed up is a good thing. Last year people were waiting in line for quite a while and if you're expecting more people this year it will be even longer lines. If you've got more than one alcohol vendor signed up and paid for and one of them is a no show, you still have other alcohol vendors to cover the event as well as the fee from the one that didn't show. I don't think we should be turning away vendors if they are willing to pay the vendor fee.

We need to think about people wanting to attend the festivities. If we charge vendors an arm and a leg for a spot, those costs get moved on to the customers. How many families will be able to afford to come to this event if they must pay \$5 to \$10 for a bottle of water? It is important to have several drink/food vendors to keep prices reasonable. If things are too expensive people will just stay home. We need several drink/food options with different prices.

Sincerely,

Angel Summers
