Game Rules

12 minute periods with 5 minute warm up and 1 minute break between periods (All periods are run-time)

The puck will be **live** during line changes (Do not touch the puck after the line change horn sounds)

When the line change horn sounds, players will exit the ice through the back gate and the player entering the game will enter the ice through the front gate. (1 player can only enter the game as 1 player exits the ice - 1 for 1)

The clock only stops for penalties or injuries. (No checking, tripping, hooking, slashing, head contact, etc.)

Whistle will sound and a face-off will take place for a penalty, goal, offside, icing or an injury (Or if the puck goes out)

A penalty will result in a penalty shot and the penalized player will leave the ice for a new player off the bench

Players are allowed to score 2 goals only (If a player scores 3 - they will lose a goal on the scoreclock)

Home Team will be responsible for score clock volunteers

No Trophies will be awarded, so play hard and have fun!
