

Basic Heat Trace Information Required

Project Name_____

Project Location_____

Contact Name_____

Address_____

Email_____

Office Phone_____

Mobile Phone_____

Company Website_____

Quote Delivery Date_____

Temperature Information:

Maintain Temperature_____

Minimum Ambient_____

Maximum Ambient_____

Maximum Pipe Operating Temperature_____

Maximum Heater Exposure Temperature_____

Electrical Information:

Voltage_____

Circuit Breaker Size_____

Pipe Information:

Pipe Diameter Size(s)_____

(Use Additional Page If Necessary)

Pipe Material_____

Pipe Lengths_____

(Use Additional Page If Necessary)

Number of Valves_____

Number of Flanges_____

Number Of Pipe Supports_____

Insulation Information:

Insulation Type_____

Insulation Thickness_____

Area Classification Information:

Is the Project Indoor or Outdoor

Chemical Exposure - Organics, In-Organics or None

Media Type_____

Hazardous or Non-Hazardous:

Class 1, Div.2

Hazardous Class 1, Div. 1
