Sale date and location: **Thursday March 29, 2018 @1:00 pm CST**
Huron Continental Marketing, Huron SD
Phone (605) 352-8684

Auctioneer: Jim Anderson, Huron SD

Registration: Buyers requiring registration papers must leave notice in the office following the sale and papers will be furnished free of charge.

Health: Bulls will be semen tested prior to the sale and health papers will be furnished if need be.

Additional Information: Scrotal measurements and ultrasound information will be available sale day.

Breeding guarantee: All bulls are guaranteed breeders. Any bull that has proven himself not to be a breeder within 6 months of the sale, if in healthy condition, may be returned to the seller at the buyers expense. After which, the seller reserves the right to prove the bull a breeder within the following six months. Should the bull fail to prove himself, the seller shall issue the buyer credit towards the purchase of another bull in full settlement.

Accidents and liabilities: All persons attending this sale do so at their own risk, the seller or sales management assume no liability, legal or otherwise, occurring in, on, or around the premises.

Bids: Each bull on which there are two or more bids will be sold to the highest bidder. All decisions made by the auctioneer will be final.

Delivery: We will assist in delivery to anywhere in the country. We would like to have the bulls delivered during the month of April but other arrangements can be made.

Sealed Bids: Sealed bids may be handed over to the staff at Huron Continental and will be handled in strict confidence.

Internet bidding: The sale will be broadcast live on the internet at www.cattleusa.com please contact me for assistance in bidding over the internet or if you would like to be on the phone during the sale.

Insurance: Mortality insurance will be available through the Martin-Trudeau insurance agency. We strongly urge you to use this tool to protect your investment.

Please bring this catalog with you on sale day!

Notes

Dear Friends,

Becky, Chauncey, Tatymn and I would like to welcome you all to our 18th annual bull sale. This year we are going to offer 30 high performing Charolais bulls, 15 calving ease and growth Red Angus Bulls and 2 percentage bulls that offers the best of both worlds. This will mark my family's 61st year raising Charolais cattle and our 21st year in the red angus business. I know I say it every year but I think these are the best bulls I have ever offered. I guess they should get better every year shouldn't they.

In todays market situation I think everyone is looking to add value to their calf crop. Of all the breeds out there I truly believe that these two are the front runners for adding value. There are no better feedlot performance cattle than the Charolais cross. No matter if you are selling feeder cattle or feeding cattle out Charolais cross cattle are topping the markets across the country with their feed conversion, gainability, and the ability to hang a choice carcass with a yield grade 1 or 2. On the flip side, if you are looking at selling replacement type heifers it is evident that the Red Angus breed has the market cornered in that area. In no other breed will the heifer calves outsell the steers.

Charolais cattle have been the performance leader for over 60 years in this country and simply put, more pounds equals more money. This set of bulls has a genetic history that is matched by no other herd in the United States. I am very proud of what we have done.

This set of Red Angus bulls represent genetics from some of the biggest names in the Red Angus breed along with my own herd sires that offer a very balanced EPD package along with calving ease and performance. There is nothing out there that is more sought after right now than the Red Angus female, this set of bulls will produce calves that will feed well and make great momma cows.

The bulls have been developed on a high roughage ration that promotes healthy rumen development, sound feet and legs, and allows the bulls to make an easy transition to the range conditions they must survive in. These bulls are extremely lean yet heavy muscled and will not fall apart halfway through the breeding season.

We would like to invite you to come and inspect the bulls anytime before the sale. If you know of anyone that may be interested in our program please contact me at 605-203-1289 and I will get information out to them. Our sale will be held at Huron Continental Marketing in Huron SD, and will be starting at 1:00 pm cst. We will assist in delivery anywhere in the region. The sale will be broadcast on the internet at www.cattleusa.com so in the case that you won't be able to attend, please contact me and I can assist you in bidding online or over the phone. We will assist you on delivery and sight unseen purchases are guaranteed.

Thank you very much for your interest,

Brian & Family

Bull Mortality & ASD Infertility Insurance

The coverage provides traditional, full mortality for death from natural causes or humane destruction as a result of a life-threatening injury. The endorsement for Accident, Sickness & Disease Infertility provides coverage in the event of permanent impotency, infertility or the bull's inability to naturally service cows as a result of an accident, sickness, or disease sustained during the policy.

Values: Not to exceed purchase price

Term: Renewable One-Year Policy Term for Bulls 6 Months - 7 years of age

Premium: \$200 Minimum Premium Per Policy

Testing: All bulls must be tested, certified and listed in the official catalog of a herd sale.

Mortality Payout: 100% of the value of the bull in the event of death or humane destruction as a result of a life-threatening injury.

Option 1:

Accident, Sickness & Disease (ASD) Infertility:

(Winter Freeze & Frostbite Covered)

80% of the value of the bull, less salvage value, in the event of permanent impotency, infertility or being incapable of serving females as a result of an accident, illness, or disease sustained during the policy.

Option 2:

Accident, Sickness & Disease (ASD) Infertility:

(Winter Freeze & Frostbite Covered)

100% of the value of the bull, less salvage value, in the event of permanent impotency, infertility or being incapable of serving females as a result of an accident, illness, or disease sustained during the policy.

Mortality Only Coverage

We offer mortality only coverage options for 91 days through 7 years of age. Available upon request: ages 24 hrs to 10 years.

Semen Suitability

This endorsement can be added to Option 1 or Option 2 (above) and provides coverage in the event the bull semen will not freeze in liquid nitrogen.

Frozen Semen & Embryo

This endorsement can be added to Option 1 or Option 2 (above) and provides coverage for semen and embryos (coverage does not apply to tank/storage itself, only and embryos) in storage or transit.

This Ledger x HooDoo 1035 cross worked really well for us. I just love the small head, powerful hind leg, and kitten like disposition of this bull.
