

## Brownie Fly-Up and Cross the Bridge Ceremony

*Brownies form Brownie Ring on one side of the bridge.  
Juniors form a horseshoe on the other side of the bridge.  
(Open end of the horseshoe should face toward the bridge or the audience.)*

BROWNIE LEADER:        Brownies, you are just about  
                                 To become a Junior Girl Scout.  
                                 Next year you will find  
                                 that Junior Scouts are true and kind.  
                                 So now I give you Brownie Wings  
                                 so you may fly to bigger things.

*Leader pins the wings on each Brownie fly-up. Girls say goodbye, step out of the Brownie Ring, and take a few steps toward the bridge.*

JUNIOR LEADER:        Hello there!  
                                 Who are you all dressed in brown  
                                 with such cheerful smiles and not one frown?

BROWNIES:             We are the Brownies and we like to have fun.  
                                 Junior Girl Scouts we'd like to become.

JUNIOR LEADER:        By what right do you ask?

BROWNIES:             By the right of our wings. (Girls point to their wings.)

JUNIOR LEADER:        We welcome you to Junior Girl Scouts.  
                                 Please cross the bridge one at a time.

*Each girl crosses the bridge and is met by the Junior Leader and a Junior Girl Scout. She is given her Girl Scout Pin by the Junior Leader and brought into the horseshoe formation by the Junior Girl Scout. Junior Girl Scouts speak after all Brownie fly-ups have joined the horseshoe.*

JUNIOR SCOUTS:        Welcome to Junior Girl Scouts,  
                                 You're a Brownie nevermore.  
                                 We'll have lots of fun together  
                                 as we teach you Girl Scout lore.  
                                 WELCOME BROWNIES!

*All Girl Scouts say the Girl Scout Promise and sing, "Make New Friends"*
