Employment

Self-employed investor.

Hobbies

Staying up-to-date on current events, reading the WSJ & NYPost, target shooting, walking and exercising, researching foreign policy.

Why Am I Running?

I am passionate about fiscal responsibility, financial transparency, and serving the community I'm proud to call home. A lifelong resident and recent graduate of Moon Area High School, I am committed to ensuring that taxpayer dollars are used wisely and efficiently. With a strong interest in economics and public service, I want to bring fresh energy and accountability to the auditing process, helping to build a more transparent and financially sound future for Moon Township.

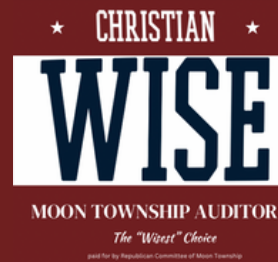

What Can I Bring to the Position?

I bring a sharp analytical mindset, a commitment to transparency, and a deep understanding of the local community to the role of Township Auditor. As an active investor with a keen focus on economic growth, I understand the importance of responsible financial oversight. My volunteer work, campaign experience, and service as the District 5 Representative for the Republican Committee of Moon Township demonstrate my dedication to civic engagement. My forward-thinking approach and strong work ethic make me a valuable asset in maintaining the township's financial integrity.

WISE FOR AUDITOR

*Accountable. Transparent.
Committed to Moon.*

My Mission

Promote Fiscal Responsibility

I am committed to ensuring every tax dollar is accounted for and spent wisely. As Auditor, I will work to eliminate wasteful spending and promote smart financial decisions that serve the best interests of Moon Township residents.

Increase Financial Transparency

Transparency builds trust. I will advocate for clear, accessible financial reporting so that residents can easily understand how township funds are being managed.

Support Economic Growth

I believe that strong local economies begin with smart financial oversight. I will support initiatives that encourage responsible development and long-term economic stability for Moon Township.

Encourage Civic Engagement

I am dedicated to involving more residents—especially young people—in the political process. Through education and outreach, I hope to inspire others to take an active role in shaping the future of their community.
