

**Tara Devi Ma & Coco**  
**Co-CEOs, Invigorate Your Essence**

**Tara** is a retired Pentagon War Strategist turned certified alternative health practitioner.

Her Paws Healology method was born out of her love for her two dogs who were undergoing treatment for renal disease. Tara used a variety of alternative healing methods to support them and her during this time.

Tara was an associate at the Veterinary Holistic Center in Springfield VA where she supported dogs and their parents with great success.

Tara also employed her life altering methods with proven results at the Pentagon and in her private practice.

**Coco** serves as the muse!
