in person or virtual!

WHAT IS ANIMAL REIKI?

I am an energy healer and certified Reiki Master who knows the health of the soul is vital to the physical, spiritual and emotional health of animals and humans.

As such, I serve as a Soul Invigoration Guide using the practice of Reiki, along with essential oils, healing crystals, channel counseling and affirmations to assist in the healing of physical, emotional and behavior issues.

WHAT OCCURS DURING A SESSION?

Imagine spending quality time with your animal family member nuzzled together in a quiet room receiving beautiful loving healing energy channeled by a Soul Invigoration Guide!

The result is Animal Healology! It is a special place held in the highest space of love for your animal and you.

This time together allows you to bond while gently and lovingly working through any issues that your animal need to address.

WHY INCLUDE THE ANIMAL PARENT?

I know the wellbeing of animals is directly linked to the wellness of their parents therefore my sessions begin with animal and parent bonding time to include breathwork and meditation. My sessions support family mindfulness with promotes healing and relaxation for the mind, body and soul for all involved!

HEALING IS A FAMILY AFFAIR!
