Animal Reiki

Veterinary Holistic Center, Springfield VA

WHAT IS REIKI?

Reiki is a Japanese technique for stress reduction and relaxation that also promotes healing. It is administered by "laying on hands" and is based on the idea that an unseen "life force energy" flows through us and is what causes us to be alive. If one's "life force energy" is low, then we are more likely to get sick or feel stress, and if it is high, we are more capable of being happy and healthy.

The word Reiki is made of two Japanese words - Rei which means "God's Wisdom or the Higher Power" and Ki which is "life force energy". So Reiki is actually "spiritually guided life force energy."

Source: reiki.org

Reiki can be performed in person or via distance healing.

WHAT IS ANIMAL REIKI?

I am an energy healer and certified Reiki practitioner who knows the health of the soul is vital to the physical, spiritual and emotional health of animals and humans.

As such, I serve as a Soul Invigoration Guide using the practice of Reiki, along with essential oils, healing crystals, channel counseling and affirmations to assist in the healing of physical, emotional and behavior issues.

WHAT OCCURS DURING A SESSION?

Imagine spending quality time with your furry family member nuzzled together in a quiet room receiving beautiful loving healing energy channeled by a Soul Invigoration Guide!

The result is Harmonic Oneness It is a special place held in the highest space of love for your animal and you.

This time together allows you to bond while gently and lovingly working through any issues that your animal need to address.

WHY INCLUDE THE PET PARENT?

I know the wellbeing of animals is directly linked to the wellness of their parents therefore my sessions begin with animal and animal parent bonding time to include breathwork and meditation.

My sessions promote healing and relaxation for the mind, body and soul for all involved!

Energy healing

is a

family affair!
