### Tracey Field Consulting Ltd – Health & Safety Policy

I take health and safety seriously in all training and consultancy activities.

When carrying out consultancy activities that require in person visits, I follow health and safety rules as dictated by the site / client.

When delivering training in person, I follow venue safety rules and make sure all participants are aware of emergency procedures.

For online training, I aim to provide a safe and inclusive learning environment, with clear guidance on participation and accessibility.

If you have any health, access, or safety needs, please let me know so I can support you appropriately.
