### **H.E.A.L. Comprehensive Wound Assessment – Half Day 4.5 HR**

with **Christie Tuttosi, RN, BN, NSWOC, WOCC(C)**

Successful wound care is dependent not only on local care of the wound, but also understanding the etiology of the wound, addressing systematic issues, and assessing the whole patient. The session is a foundation of a better understanding of modern, generic & evidence based wound care.

It will cover the basic principles that affect wound healing, management of biofilm, case studies, and then end with a live-camera dressings product review (dressings explained by their *functional category* differences).
