**Wound Hygiene: Implementation of Proactive**  
**Wound Healing Strategy - 1.5 HR**

with **Christie Seymour RN BN NSWOC WOCC(C)**

Discussion of the further evolution of the **Wound Hygiene** concept focusing on how and when to implement for all tissue types of hard-to-heal wounds and review applying the 4 Steps of Wound Hygiene. Examining the addition of unhealthy granulation tissue as a key indicator in the healing trajectory, and how recognition can influence effective healing results. Explanation of an implementation guide for proactive wound healing practices powered by Wound Hygiene. A review of what biofilm is and why it matters in the hard-to-heal wounds that are increasingly burdening our healthcare, with evidence-based solutions in how to address biofilm.

**Includes Live Virtual Wound Care Product In-Service**

## **H.E.A.L. Comprehensive Wound Assessment – Half Day 4.5 HR**

with **Christie Seymour RN BN NSWOC WOCC(C)**

Successful wound care is dependent not only on local care of the wound, but also understanding the etiology of the wound, addressing systematic issues, and assessing the whole patient.

This session covers all principles that affect wound healing, including the impact of and management of biofilm bacteria which is now known to be perhaps the most important single cause of delayed wound healing. We'll cover wound hygiene updated best practices, hard-to-heal wounds, pressure injuries, diabetic foot, case studies & more. *WOUND HEALING 101* – the basics & more!

The *last 1-hour* will be a live on-camera dressings review & answering attendees questions. Learn about the choices in dressings by *their functional category differences* – what to use when where why. An opportunity to learn from your healthcare peer's questions being asked throughout the session. An opportunity for you to ask anything at all to *Wound Care Clinician* with your hard-to-heal wound dilemmas or dressings questions.

No names are mentioned, no names shown – ask anything. You walk away equipped with so much 'immediately applicable info', best practice, and evidence-based solutions for all things skin & wound.

**Includes Live Virtual Wound Care Product In-Service**

**Friday, Sept 27<sup>th</sup>, 2024 -- 0800HR – 1230HR CST (Sask Time)**
