FIRST RATE INTRODUCES RESIDENTIAL AND COMMERCIAL SERVICES IN ALBUQUERQUE AND SURROUNDING CITIES

ALBUQUERQUE, NM - First Rate Plumbing, Heating and Cooling, a locally owned and operated company, announced today that it was concentrating on the plumbing arm of their business. While the company has always performed commercial and residential work, today's announcement represents a decision to offer distinct service to both, commercial & residential customers.

"We have an experienced and knowledgeable staff. We take pride in our work, all of the small details matter, which is something that our Team-Members live and operate by", says John Barner, COO. "We offer flexible scheduling, 24/7 service and we are a family-friendly, corporate structured, local operation and that make us proud".
