# OSCAR SUAREZ

## CANDIDATE DIVISION 5

---

### Fellow Residents

I hope this letter finds you well, I am writing, to introduce myself as I will be officially nominating to represent you in Division 5 for the local council elections on 16th March 2024. I have entered this race a little late and with a tiny budget, but I really believe that I can represent you and your interests going forward. I have never had any political affiliations and have no agenda, only to serve the best interests of the community and I'm ready to face the challenges and joys that representing our community will bring to my life.

#### What I will bring:

- Demonstrated ability with 20 years in local government service. Including 15 years bushfire management experience.
- I consider myself a realist and believe we can find a balance between human needs and environmental ones.
- Strong connection to the environment through my passion for horticulture and natural area management.
- Common sense approach that looks for solutions that may not have been previously considered.
- A commitment to continue being humble, transparent and accessible.

#### As your councillor I will:

- Strongly represent the interests of Division 5 and wider Fraser Coast region by actively engaging with the community.
- Ensure we have a bushfire management plan that's fit for purpose and addresses the concerns of residents.
- Bring attention to detail and will always promote efficiency and sound fiscal management of our rates dollars.
- Have a keen focus on strategic management processes that aim to improve Fraser Coast regions amenities.
- Ensure that your voice is heard on the planning and development including the infrastructure needs of our rapidly growing region and its impact on Division 5.

I am dedicated to positive change when its needed, but of the mantra that if it's not broke don't fix it. I will look at the policies that impact our lives and where to improve the outcomes for the people that live and love our little communities and our greater community as a whole.

Yours Sincerely

Oscar Suarez
