## **SHARING THE LOVE AND COMPASSION OF CHRIST!**

Montrouis, Haiti, continues to face significant challenges amid ongoing political instability and economic hardship. Food, clean water, and medical supplies are increasingly scarce and expensive, and many families struggle daily to meet their needs. Despite these difficulties, our community remains resilient. The support that Supply and Multiply gives to so many are crucial in providing relief and hope. Your prayers and support are more important than ever as we work together to overcome these adversities and bring much-needed assistance to those in need.

Our Matthew 25 House residents are thriving, thanks to your ongoing support. They continue to receive care, companionship, and Christ's love. Your contributions make a tangible difference in their lives, providing hope and comfort each day.

We are blessed to share an update on the Ebenezer School construction project in San Pedro, Honduras. Your support and prayers have propelled us forward, and we are making significant strides toward rebuilding classrooms and preventing future flooding. Assisting the Ebenezer School leadership in making the school a haven for education and faith in this community.

San Pedro, a city plagued by gang violence and poverty, presents immense challenges for its residents, particularly the youth. Many children here face a future with limited opportunities and constant exposure to negative influences. In such an environment, the establishment of a Christian school is not just a necessity; it is a beacon of hope.

Ebenezer School aims to provide a safe, nurturing environment where children can receive quality education rooted in Christian values. This institution serves as a sanctuary where students can learn, grow, and develop a strong foundation. By instilling biblical principles, we aim to equip these young minds with the resilience and wisdom needed to navigate their challenging surroundings.

The construction progress has been encouraging. Together, we are building more than just a school; we are building futures filled with hope and faith.
