

Dear Friends,

God continues to open doors for us to bring His light into some of the darkest corners of the world. Our next mission team will soon be on the ground in San Pedro Sula, Honduras, and we need your partnership to make it possible.

This trip will take us directly into the lives of mothers who have been trapped in the snares of the sex industry. These women are hearing, often for the first time, that Christ deeply loves them. Their children are vulnerable to poverty, gang activity, and the very same cycles of brokenness. We are part of them, being given opportunities that can change their futures.

One of our planned outreaches is to take these children and their moms to the local Children's Museum, followed by pizza. It may sound simple, but for them it is truly an opportunity of a lifetime. It is an escape from danger, a day of joy, and a glimpse of God's love in action. We will cover the costs of transportation, museum admission, and lunch.

We will also minister at Ebenezer School with Bible lessons, crafts, and a pizza party for all the students. As part of this, we hope to bless the teachers with gifts that remind them they are seen and valued.

Our goal is to raise \$1,500 to cover the week's mission activities. Any additional support will go toward other mission needs in Honduras, Haiti, and wherever God calls us.

How You Can Help?

- Pray - Pray for those we will serve and for traveling mercies for those who are going.
- Amazon Wish List – Send items we need directly to the mission team.
- Financial Contributions – Help cover the costs of outreach, food, transport, and ministry projects.

Every dollar, every gift, every prayer matters. Together, we are breaking cycles of darkness with the love and hope of Christ.

Thank you for standing with us.

In Christ's Service,
The Supply and Multiply Team

San Pedro Sula is a city where poverty and violence have left many families vulnerable, and where women and children often become trapped in cycles of exploitation. Many of these mothers have faced deep hardships, and their children grow up surrounded by constant risks. Yet even in the midst of such brokenness, there is hope. When a child who has only known struggle is given the gift of a safe day at a museum, or when a weary mother hears she is valued and loved by Christ, something changes. Light breaks into the darkness. Our team is going with this very purpose, to remind them they are not forgotten, and to help plant seeds of a brighter future through Christ's love.

“He heals the brokenhearted and binds up their wounds.”
– Psalm 147:3
