Ministry in Haiti

Supply and Multiply is actively caring for vulnerable people in Haiti, including the residents of the Matthew 25 House, the many students we help attend school, and widows and individuals with disabilities whom we support through food blessings and other practical assistance. Amid the fear and hardship caused by gang violence, our trust and hope remain firmly in Christ. We continue caring for those God has placed in our path, striving to meet needs as the Lord provides through the generosity of our ministry partners. Today, we come to you with two pressing needs in Haiti and invite you to join us in prayer and prayerfully consider how you might help.

Sharing the Needs of Ministry in Haiti

Two opportunities to care for our elderly residents and a faithful ministry friend.

ELECTRICITY FOR ELDERLY CARE

Matthew 25 House

\$2,500 ESTIMATED NEED

Six years ago, as the Matthew 25 House neared completion, we were installing electricity. Our solar panels and batteries have supported daily life ever since.

That is approximately **2,190 days, or 52,560 hours**. After six years of daily use, the system now needs repairs and replacement parts.

Reliable power is critical for **refrigeration, fans, pumping water, and evening lights** so our elderly residents can see and move about.

CARING FOR A FAITHFUL FRIEND

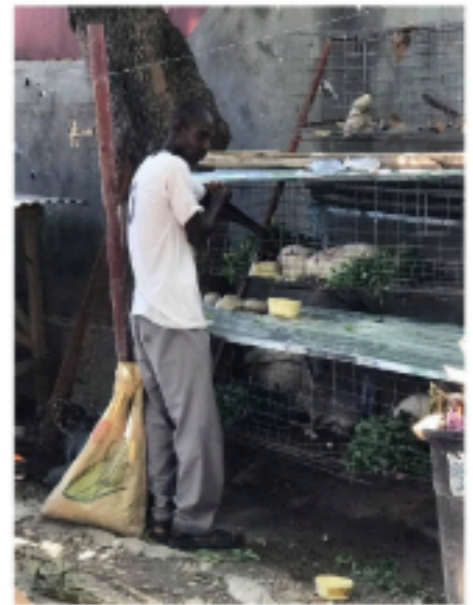

Standing with Manno

\$1,000 FUNERAL ASSISTANCE

Pictured here with the rabbits, Manno has been a faithful servant and a blessing to Supply and Multiply over the past decade.

His family recently suffered the loss of his father and now faces the weight of funeral expenses.

\$1,000 would help Manno assist his family with a proper burial. As he grieves, we have an opportunity to come alongside someone who has faithfully served others.

Manno caring for the rabbits.

We Have a New Mailing Address:

Supply and Multiply
2220 Logan Blvd
Suite 806 #24
Naples Florida 34119

Supply and Multiply is transitioning to a new mailing address. If you've recently sent something to our previous address, please don't worry. As you're able, please update your records and begin using our new address for future correspondence and mailed donations. Thank you for helping us make this transition and for your continued support!
