

NIGHT TO SHINE

REFUGEE CARE

HOUSING STABILITY

COME SERVE WITH US

Night to Shine sponsored by the Tim Tebow Foundation Night is an unforgettable prom night experience, centered on God's love, for people with special needs. We partner with the local church in Montrouis Haiti to make this event a success.

We engage in refugee support with relocation, employment, education, training, and the immigration process. We have refugees we support in Haiti, Florida, Virginia, and North Carolina. The refugees that are in America are under the Humanitarian Parole program through the US Citizenship and Immigration Services.

We build houses, aid in home repairs, and rent homes. We also provide beds, stoves, and other household necessities. In addition, to homes we assist schools and churches with repairs and improvements.

We would love to go on mission with you! We take mission teams to various countries and partner with the local church, schools, and indigenous missionaries. We go several times a year and can plan a trip for your group or you can go as an individual on a open team.

EMPOWERING THE CHURCH

MINISTRY TO CHILDREN

PRISON OUTREACH

Supply and Multiply is reaching people through direct evangelism, coming alongside and empowering individuals and the community, and sharing the love and compassion of Jesus Christ.

We assist local churches with the financial resources to have an annual meeting, including a Christmas meal and programs for children. With those partnerships, we reach out to prisoners, support outreach efforts, and assist with various charitable activities as needs arise.

Since 2015, Supply and Multiply has had a residential facility providing for the most vulnerable elderly and disabled with nowhere else to turn. Supply and Multiply's residential care facility is located in Montrouis, Haiti. In addition, we also serve schools, churches, and communities in multiple countries around the world.

We provide the vulnerable community with food subsidies, medical care, and other resources for other tangible needs.

Supply and Multiply values education. We know that the school is a valuable place for academics and staying abreast of the student's needs. Many schools provide meals and connect parents with various mission resources.

FEED THE HUNGRY

CARE FOR THE VULNERABLE

EDUCATING A FUTURE GENERATION
