

Summer is Here!

The upcoming months are always exciting days for Supply and Multiply! We will start to prepare for the 2022/2023 school year (Information for the School Scholarship Program will come out in July), we will be gathering supplies to reach our ministry site and community, the local churches we partner with will have Vacation Bible Schools, the Matthew 25 House residents and staff will get an increase in visitors, and so many other ways that God is moving and opening doors for us to share Christ's love and compassion with Montrouis Haiti.

Matching Campaign Update

Thank you to everyone that has supported this fundraising opportunity!

We have raised \$1200 in the first week of the Matching Campaign. It's not too late for you to be a part of this. We have until July 31st for you to join us in our \$10,000 matching fund!

Supply and Multiply is striving daily to meet the growing needs of the most vulnerable in Monwi Haiti. This can only be done with your help! Your one time gift will enable us to continue this work!

To partner with us you can donate through Facebook, PayPal (contact@supplyandmultiply.com), or by mailing a check to the ministry address: 15202 NW 147th Drive, Suite 1200 #245, Alachua, Florida 32615.

We have created an Amazon Wish List with items that are needed by the ministry, requested by children's homes and others in the community and used for VBS outreach programs!

The items purchased are mailed directly to the person responsible to get them to Haiti.

There are also items not on the list such as car parts and you can contribute to these cost via PayPal and your dollar becomes \$2 during our current matching campaign!

Spread the Word...

We would love to come and share with your church, organization, or business about the ministry of Supply and Multiply and the ways that you can partner with us!

We can come in person, via zoom, or even pre record a specific update for your event.

The growing needs, means we need to continue to grow our resources to meet those needs! You can help through prayer and sharing about the ministry. Maybe you are a center of influence and can organize a fundraiser event like a dinner, car wash, or garage sale.

One young man and his family that are part of Harvest Bible Church raised money by recycling cans! They collected them for neighbors and church members. A couple in North Carolina collects items and has several yard sales though the year to support missions. A supporter from the start that is a member of First Congregational Church Peru sold Haitian items at their church vendor show.

There are so many ways you can help the mission of Supply and Multiply!
