RE: Letter of Recommendation for Baker,
Shore & DiLorenzo, LLC.

To Whom It May Concern,

As Accounting Manager of Sahlen Packing Company, Inc., I naturally felt that we were paying as little sales tax as possible. We have little time for solicitors and having an outside firm review our records for a tax recovery never crossed my mind. However, Baker Shore changed my outlook. Their professional approach and no-risk engagement made the choice to retain them easy.

They were unobtrusive and accommodating, balancing their review with our schedule. They had research done to reinforce their position, and were never pushy or overbearing. Our decision was rewarded. Baker Shore obtained a sizeable refund for us and provided us with the tools to reduce our liability in the future.

In conclusion, retaining Baker Shore proved to be a rewarding experience. I recommend engaging Baker Shore for a review of any Company's sales and use tax practices.

Sincerely,

James F. Bowen
