November 23rd, 2020

To whom it may concern:

For nearly 100 years Perry's Ice Cream Company has been making quality ice cream using only the best ingredients. As such we have become a household name across New York State and beyond. On behalf of Perry's I am writing this letter as a recommendation to any company that is considering the services of Baker, Shore & DiLorenzo.

Our relationship with Baker, Shore & DiLorenzo started in 2006 when they reviewed our records and obtained a substantial sales tax refund. Since then they have helped us improve our financial wellbeing with additional tax reviews, while respecting our scheduling and privacy needs. In addition, they helped educate our staff on how Perry's could avoid tax overpayments and have remained a source of knowledge through the years.

Whether they are helping find overpayments or advising on best practice, Baker, Shore, & DiLorenzo is beyond compare in their consulting role. I would highly recommend Baker, Shore & DiLorenzo to any company regardless of their current financial situation or need.

Regards,
