Dear Michael,

When I first met you in 2017, I was a few months into my new Controller position here at Quality Vision International Inc. One of my first projects, in this role was to oversee an AP sales tax audit with your firm. I remember my initial thoughts being, how will I have the time to dedicate to this audit and get settled into my new role? I was concerned about the hours that would need to be dedicated to the Baker Shore team answering questions and getting them settled. I pleasantly learned that the team came in, and quickly and professionally went through all of the files, with little interruption to my day. Sometimes I would forget they were here. This audit netted my firm nearly \$20K.

I was so impressed by this project, that I agreed to have Baker Shore come back again the following year and perform another audit. We just received our check back from New York State. This year's result netted my firm nearly \$27K!

I can't say enough about how pleased I am with the results of these audits, but more so with the Baker Shore team themselves. In between audits, I have reached out numerous times to Joe Dilorenzo and Jennifer Cavalieri for individual tax questions or concerns. I always receive quick responses and guidance for all of my issues. They are truly professionals and a pleasure to work with. I would definitely recommend Baker Shore to my colleagues.

I will continue to use Baker Shore as a tax resource and look forward to future audits.

Sincerely,

A handwritten signature in blue ink that reads "Elaine Lutrario".
