

¡WELCOME!

Thank you for your interest in joining the first Innovative Air Mobility Cluster in Spain.

What are the benefits you will get?

- Access to a network of companies totally or partially focused on IAM, allowing the search for synergies and collaborations, to increase competitiveness and positioning.
- Communication with the main national and European organizations, adding the voices of this developing industry and strengthening the position of the national sector in the international framework.
- Visibility of members' developments, services, and products at national and international level, at industry events and in the activities organized by the cluster.
- Information on funding funds for the development of projects, products, or services through a common repository of national and international calls for proposals.
- Participation in real use cases and demonstrators, putting members in contact with key actors, both belonging to SIAM and externally.
- Provision of sectoral reports to improve internal strategies, as well as enhancing the dissemination and communication of the IAM through activities and communication channels.

Annual fees for **regular members**, segregated by entity type and turnover.
