

Dear BLES Families,

We have outstanding faculty and staff at Buck Lake Elementary that work very hard to educate our children. During the year, the faculty and staff have the option of ordering their lunch every other Friday from restaurants. The PTO Board helps with the ordering of these Friday lunches.

After hearing that some families were buying lunches for their child's teacher to show their appreciation, we decided to formalize that gesture and open it to all the BLES community. The PTO Board made the decision to have these lunches offered by restaurants that have agreed to partner with our wonderful school. We are providing this information to BLES families to make you aware of the lunch program, and provide you with the opportunity to "buy" a lunch for your child's teacher and/or any staff member.

If you would like to purchase lunch for any faculty or staff member, please complete the form below and return it as indicated. The average cost of lunch is about \$10, depending on which restaurant we are ordering from. Therefore, donations in \$10 increments are encouraged. Remaining funds at the end of the school year from this lunch program will be put towards our end of the year Teacher Appreciation Week.

Please note that this is strictly voluntary and is NOT required. If you would like your teacher and/or staff member to know of your kind donation, simply check 'YES' on the form below. If you prefer that your donation remain anonymous, please check 'NO' on the form below.

Thank you for your support!
