CREDENTIALS

TS/SCI Cleared | Veteran Owned & Operated | 12 Years Defense/IC Experience

FEDERAL CONSULTING

For companies breaking into defense contracting:

- Facility Clearance (FCL) establishment and management
- FSO/ITPSO/SMO program development
- NISPOM compliance and security program setup
- SAM.gov registration and federal market entry
- Capture strategy and proposal support
- Prime contractor relationship development

RECRUITING & TALENT

For primes and contractors needing cleared talent:

- Cleared recruiting (Secret through TS/SCI w/ Poly)
- Intelligence Community staffing
- Executive search for leadership positions
- Technical and mission-critical roles
- Rapid-fill contingent staffing
- Workforce optimization consulting

PAST PERFORMANCE & CAPABILITIES

- Placed cleared professionals from technical specialists to VP and Director-level leadership across Intelligence Community and DoD programs
- Filled TS/SCI and Full-Scope Poly positions with average time-to-fill of 2-3 weeks
- Established FCL program for emerging defense technology company — from entity creation to DCSA submission in 4 months (typically 12–18-month timeline)
- Supported capture efforts and proposal development resulting in contract awards
- Provided DCAA compliance consulting including rate development, accounting system setup, and pre-award survey preparation
