

The LOUD Crowd®

at the South Bay Speech Therapy Clinic

21151 S Western Ave,
Suite 119, Torrance, CA 90501

(267) 234-4679

About LOUD Crowd®

Since Parkinson's is progressive and degenerative in nature, daily home practice and continuous follow-up is crucial to maintaining the improvements achieved in any kind of therapy. For this reason, Parkinson Voice Project's founder created "The LOUD Crowd®."

The LOUD Crowd® provides accountability and education through weekly group sessions where SPEAK OUT!® exercises are performed and participants practice speaking with intent. As an added bonus, this maintenance program promotes camaraderie and provides support and encouragement.

Speech and Swallowing Therapy For **Parkinson's Disease**

SOUTH BAY
Speech Therapy Clinic, PC 

90% of people with Parkinson's are at risk of developing a weak voice that can lead to serious speech and swallowing difficulties.

SPEAK OUT!® Program

SPEAK OUT!® is a highly effective speech therapy program developed by Parkinson Voice Project in Richardson, Texas.

Our Sessions

Each therapy session lasts 40-45 minutes. The primary goals of SPEAK OUT!® are to strengthen the muscles used for speaking and swallowing and to teach patients how to speak with intent. Our clinic is a certified provider of the SPEAK OUT!® program.

We accept insurance.
