Our Story

Founded in 2022, Scada Bay Sdn. Bhd. has quickly grown into a trusted name in EV charging solutions, recognized for delivering efficient, clean, and well-organized installations with a strong emphasis on sustainability.

Driven by a capable and dedicated team, we bring solid EPC experience—particularly in sustainability-focused projects—allowing us to deliver high-quality, customized solutions across residential, commercial, and industrial sectors. Our track record reflects reliability, technical expertise, and a commitment to getting every detail right.

We are also proud to be a certified PRO-NET installer—one of only eight in Malaysia—supporting some of the nation's best-selling EV brands. This recognition reinforces our position as a trusted partner within the growing EV ecosystem.

At Scada Bay, we continue to push forward through innovation and collaboration, delivering solutions that not only meet today's needs but create long-term value for the future.

Vision & Mission

Vision:

To be a leading provider of sustainable engineering solutions, driving innovation in EV charging infrastructure, by partnering with EV charger suppliers and renewable energy experts, we aim to expand clean energy adoption, accelerate the deployment of charging stations, and support the government's net-zero carbon goals for a greener, smarter future.

Mission:

To deliver high-quality, sustainable Engineering, Procurement, and Construction (EPC) services for EV charging infrastructure and renewable energy solutions. We are committed to fostering innovation, promoting environmental responsibility, and building strong, lasting relationships with our clients and communities.

What We Do?

Scada Bay Sdn. Bhd. is a dynamic and innovative **Engineering, Procurement, Construction (EPC)** company specializing in EV charger and renewable energy solutions.

Our commitment to sustainability and technological advancement drives us to provide efficient and reliable EV charging infrastructure that meets the growing demand.

In response to the increasing demand for comprehensive solutions, we deliver a full range of services through our subsidiary companies:

D&B Construction Co. Reg No: 202503035283 (IP0605096-M)

A construction company offering design and build solutions tailored to meet diverse project requirements.

Microbit Access Consultancy Co. Reg No: 202503035895 (NS0305876-U)

An IoT solutions provider specializing in smart parking technologies. We deliver innovative systems for real-time parking management, guidance, automation, and security, designed to improve efficiency and enhance the user experience in car parks.

Our team of skilled professionals brings expertise and dedication to every project, ensuring we exceed client expectations while contributing to a greener and more efficient future.

EPC Services

Engineering & Design

- Tailored engineering solutions ensuring efficiency and sustainability.

Procurement

- Sourcing high-quality essential materials for the electrical Infra, civil & structural, networking & communication, safety and compliance.

Construction & Installation

- End-to-end project execution, from civil works to electrical installations.

Commissioning & Testing

- Ensuring operational readiness and compliance with industry standards.

Maintenance & Support

- Providing long-term reliability through ongoing monitoring and servicing.

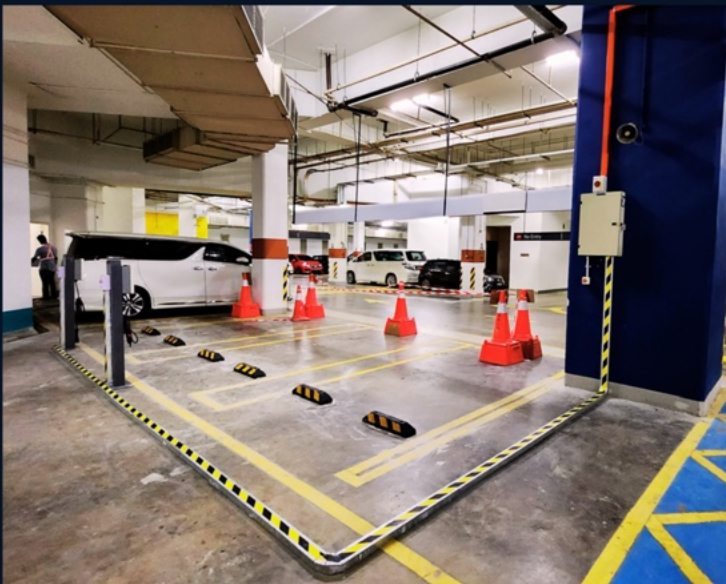

References

We have successfully completed over 1000 projects across various sectors. Some of our notable installations include:

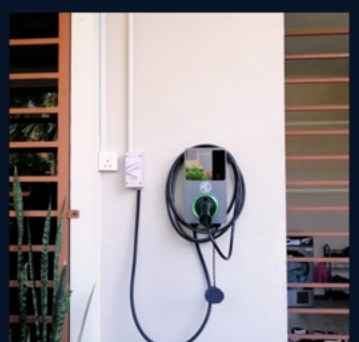

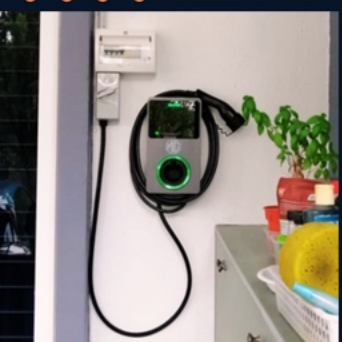

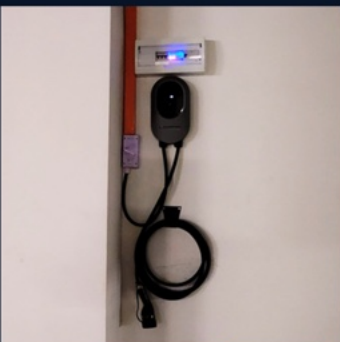

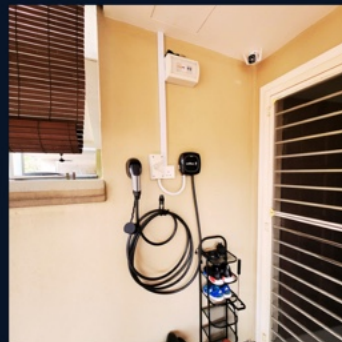

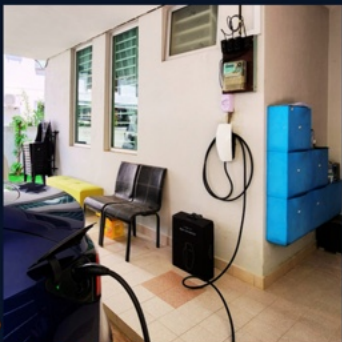

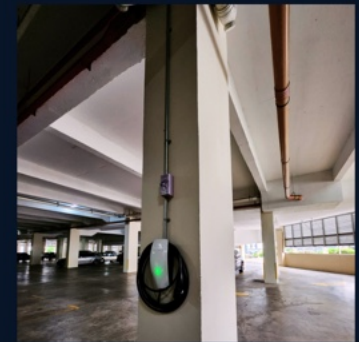

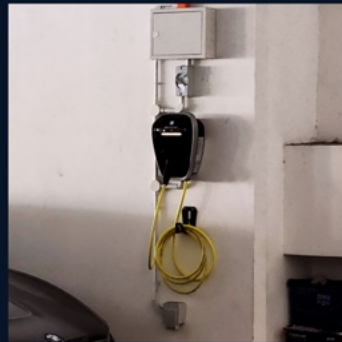

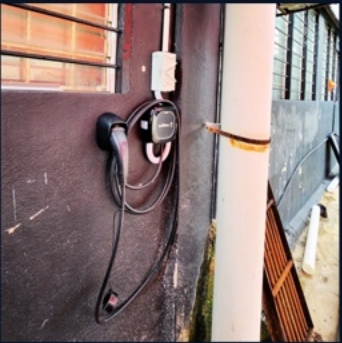

- **Commercial EV Charging Hubs** – Implemented high-capacity charging stations for shopping malls and office buildings.
- **Residential EV Charger Installations** – Deployed customized charging solutions for apartment complexes and gated communities.
- **Public Infrastructure EV Stations**—AC chargers for government and municipal facilities.
- **Corporate Fleet Charging Solutions** – Co-Design and build fleet charging infrastructure for logistics and transportation companies.
