### **TRYOUT CRITERIA**

The coaching staff will be looking for coachable athletes who have a great work ethic, love to compete, and want to learn to become better players and teammates. Prior volleyball experience or skills help, but is not required. Prospective student-athletes will

be tested and evaluated for the overall athletic ability and level of volleyball skill.

Coaches will apply the following criteria and look for athletes who possess the following:

1. **Attitude:** Players who are positive, competitive and eager to learn. We will be looking for players who demonstrate leadership skills and ability to work/communicate with fellow teammates.
2. **Athletic Ability:** Players with the ability to not only learn and perform volleyball skills, but be able to demonstrate a variety of physical fitness abilities/attributes.
3. **Position:** Players whose skills fit specific need for the team's overall balance and positional needs.

One of the toughest jobs of any coach is the final decision about which players make the team, and those that do not. The coaching staff strives to make all decisions fairly, without bias, and after extended deliberation and evaluation of each prospective player. On Wed, athletes will be given the opportunity to ask questions or discuss with coaches on where they should focus the remainder of the tryout process. On Friday, all athletes will be told in person if they have been selected for a team.
