BODYWORK CLIENT RULES

Please read carefully and sign. This form is part of your client record.

Bodyworkers do not work within the parameters of licensed medical professionals; therefore, they do not diagnose or prescribe for diseases. Within the scope of teaching and facilitating, the bodyworker may recommend self-help exercises, nutritional advice, and/or suggest water intake, which the client may or may not choose to do.

The client will be given privacy to disrobe and will be modestly draped at all times. If you are uncomfortable removing your briefs/panties, you may leave them on.

It is the responsibility of the client to keep the bodyworker informed of all current medical treatments and/or conditions. Written permission is needed from the physician, chiropractor, physical therapist, etc., to the bodyworker that bodywork may be continued in the instances of contraindications.

The client is responsible for practicing proper hygiene and a state of cleanliness at the time of the appointment.

If, in the opinion of the bodyworker, the client is under the influence of drugs or alcohol, the appointment will be canceled.

Sexual advances verbally or physically will not be tolerated, and the session will end immediately. The fee for the session will not be refunded. Further, we will not refer you to another bodyworker.

Appointments must be cancelled at least 24 hours in advance. If proper notice is not given, a cancellation fee will be charged and must be paid before your next appointment.

All clients will be notified of fees for service charges, when applicable, at the time they schedule an appointment.

Payment is required immediately after services are rendered.
