

Dear Fellow Democrat,

Blue skies really are ahead this November—**but only if we do the work right now.**

We have a real opportunity **to flip a Congressional seat in the 16th District with Paul Nolley**, while also **reelecting Congressman Eric Sorensen in the 17th**. Closer to home, we're fighting to take back critical county board seats—like District C, which we lost by just two votes. **Two votes**. That's how close we are.

We are organizing, training candidates and volunteers, and building the infrastructure needed to win—but none of it happens without resources.

Will you step up today with a contribution to fuel this work?

Your support helps us reach more voters, train more volunteers, and turn close races into victories.

We stretch every dollar as far as possible—but we need those dollars to keep going.

Together, **we can make these “Blue Skies” a reality**. Please join us on **April 24, 2026, 5 - 7:30 PM**

Sincerely, The Entire Central Committee of the Stephenson County Democrats

Details: Masonic Temple, Crystal Room

305 W. Stephenson St., Freeport, IL.

Park and enter on the west end if you need a handicap ramp.

Otherwise use the front (north) staircase to enter.

ticket(s)

Even before candidates are on the ballot, there are essential costs to keep our operation running—rent, utilities, phone and internet, Zoom subscriptions, website maintenance, and the equipment and supplies we rely on every day.

Once campaigns are underway, expenses grow quickly to include: walk cards and literature, bulk mailings, yard signs, postcards, postage, and media outreach. On top of that, events like Democrats Day and candidate meet-and-greets bring additional—but vital—costs.

It adds up quickly—but these investments are exactly what it takes to win.
