

CENTER FOR PEACE AND LOVE

(YOU *are* the Center of Peace and Love)

IN school, we are taught Math, Science and the Arts; one thing we are never taught is how to LOVE ourselves, it is this organization's.....

PURPOSE

&

Mission: To educate individuals on how to find TRUE LOVE, how to LOVE ourselves, find inner PEACE, and ultimately find TRUE HAPPINESS; all of which is interconnected and within us all.

To accomplish this we will use education and meditation to inspire and instill mindfulness and self-awareness, and ultimately show how important it is to love ourselves and others.

This will serve to foster inner PEACE resulting in a more peaceful WORLD. The vehicles used to accomplish our mission are community awareness programs, charitable giving, and Mindfulness and Loving-Kindness Meditation for individuals and businesses.
