

HIGH-SPEED BUSINESS INTERNET

DATA CITY NETWORK

Our network is built for production and mission critical workloads.

REDUNDANT DESIGN

We connect to multiple carriers at multiple locations utilizing redundant hardware devices.

NO LOCKED CONTRACT

We provide a contract that allows a 30 day cancelation with no penalty.

SCALEABLE

Our network provides scalable services from 10Mbit up to 1G on wireless and up to 100G on our fiber network.

SECURITY AND DDoS

Our security systems are deployed at edge devices monitoring for anomalies such as virus threats or hacker activity.

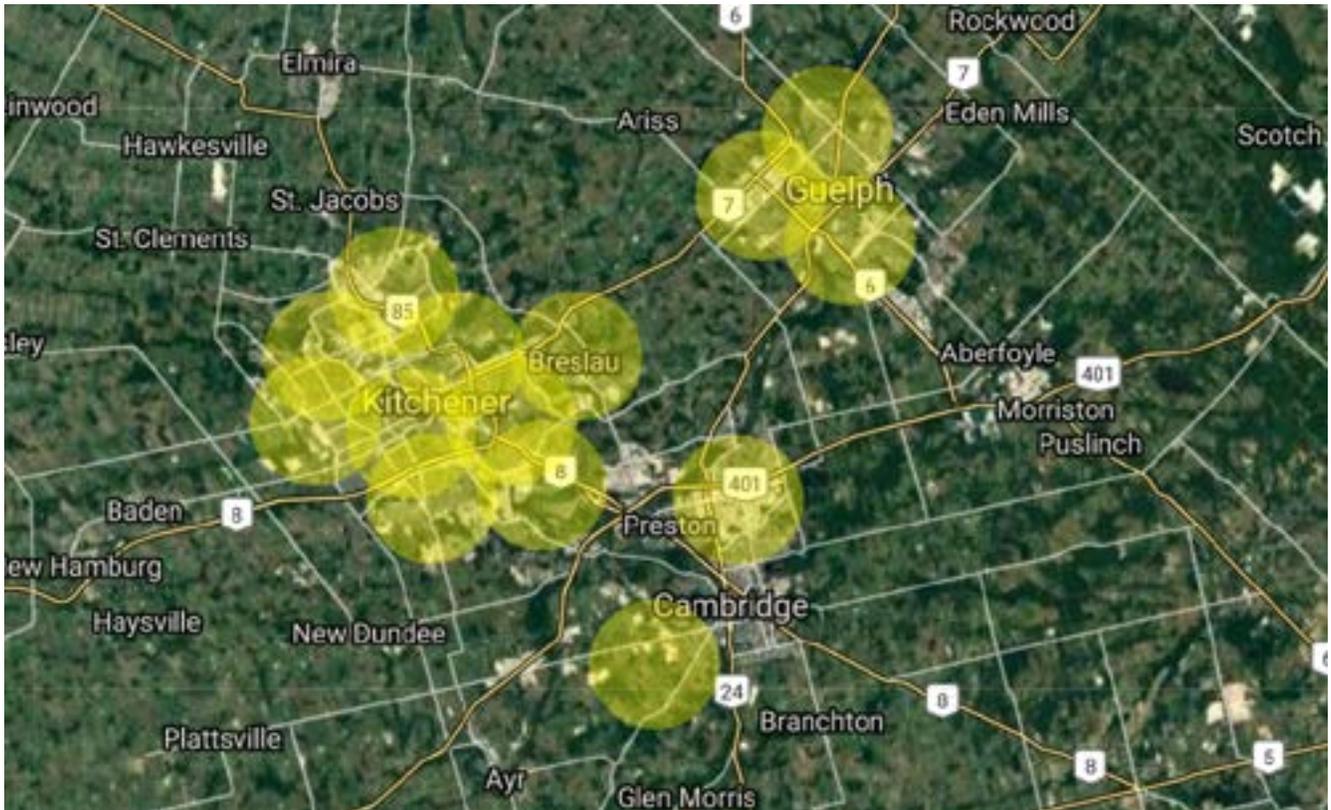

MONITORING AND SUPPORT

DataCity monitors all customer endpoints and services to ensure and anomalies are resolved as quickly as possible.
