There's so much to love about this devotional. Carlos takes us to many delightful passages of Scripture over the course of the year. Because Carlos is a seasoned business coach, his insights and reflections on the text are as challenging yet encouraging as he is in person, and he says just enough to prime the pump and help us make discoveries of our own. I particularly love how he has bookended every devotional with "JJ" and "SDG." Discovering Your 10X Lifestyle in Jesus Christ was written by a mentor and friend who has had a large, spiritual impact on my life. His book will be a blessing to those who read it. Each day I spent with the journal I felt like a participant in something. You'll start to feel like you know the heart of the author by first reading a verse and then getting to hear the humble response of Carlos. The Scriptures start to come alive. There's a great interactive aspect to the book that reaches beyond the author's thoughts and perspective. Each day readers are given ample space to be led by the Holy Spirit and to write down their own personal reflections. He also asks us to write a prayer that pertains to the message of the day. This makes me feel as if the book is an heirloom because my family will be able to turn back to my own thoughts and prayers and see the glory of God's will in my life. It's like a spiritual journal that's leading me closer to Jesus. As a businessman, I'm a numbers guy, and I do like the idea of being multiplied in God's Word and wisdom! Who wouldn't want that? Thanks, Carlos, for following the promptings and writing this book, and for sharing it with your friends and the world!
